PRICE FIVE CENTS

PREMIER KING STARTS TOUR OF BRITISH COLUMBIA

Guest and German To Contest Final For Diamond Sculls

Toronto Sculler Defeats T. D. Collett at Henley To-day;
Boetzelen Springs Victory Over Joe
Wright, Toronto, Champion in 1928; German Sets
Fast Time in Winning; Guest Favored to Win
Title.

Canadian Press
Henley-on-Thames, Eng., July 4.—
Joe Wright, crack Toronto oars-
man who won the treasured Dia-
mond Sculls two years ago, to-day
was eliminated in the semi-final
for the world's premier sculling
honour. By a length and one-
quarter he lost to Boe Zelin of the
Berlin Rowing Club, just a few
minutes after his former club-
mate, Jack Guest, had sped into
the final by defeating T. D. Collett,
of the Leander Rowing Club.

Wright's wife, who was Martha No-
rellus, pretty swimmer, looked on as
her husband chased the German to the
wire. Boetzelen's time was 8 min-
utes 52 seconds, just ten seconds slower
than the mark set up by Guest in
leaving Collett ten lengths behind.
Guest's time, best this year at the
Henley, equalled that recorded when
Lloyd-Gunter, of Holland, beat Wright
last year, but 18 seconds back of the
miraculous mark set by Wright when
he won the sculls in 1928.

GUEST CHERISHED
Though Guest competed under the
colours of the Don Rowing Club, To-
ronto, he had previously been a team-
mate with Wright for the Toronto
Argonauts. Qualifying to clash with
Boetzelen in the final singles test to-
morrow, Guest had his usual good
weather luck. He was cheered to the
echo by thousands of spectators who
had expected him to win, but not by
such a wide margin.

Boetzelen entered this year's Henley
a newcomer to the competition, al-
though holder of all the European
continental sculling championships,
save that of Holland. The race with
Wright was fairly close all the way,
with the German's more even stroke
triumphing.

When Guest and his opponent took
the water, yesterday's strong head-
wind was absent.
The Canadian sculler demonstrated
beautiful form in getting off quickly
and went right ahead from the start.

GUEST LEADS
He reached Remenham barrier a
length ahead in 3 minutes, 25
seconds. At the half-mile post Guest
led by one and a quarter lengths.
When he reached Fawley in 4 minutes,
9 seconds, he was two lengths in the
lead. Guest was then sculling twenty-
six strokes to the minute, against Col-
lett's twenty-eight.

Bisley Tent City Springs To Life, Ready For Shoots

Canadian Press
Bisley Camp, England, July 4.—The
usually sleepy hamlet of bungalows
and club houses on Bisley common
has become, Aladdin-like and almost over-
night, a huge town of glittering white
canvases in readiness for the rising of
the curtain on Bisley Week.

Hundreds of big tents and mar-
queses are up and bustle is abroad on
the eve of the carnival of bullets.
While there are many notable ab-
sences from overseas, including Aus-
tralia, New Zealand and Uganda, there
are teams of individual marksmen from
Canada, India, Southern Rhodesia, the
Falkland Islands, the Gold Coast of
Africa, the outer Malay States, Nigeria,
Trinidad, the Sudan and Singapore,
the Malaysian capital, in addition to
representatives from all parts of the
British Isles.

OCEAN PLANE OVER NEVADA WESTBOUND

Kingsford-Smith and Crew
on Last Part of Salt Lake-
Oakland, Cal., Flight

Famous Monoplane Flies High
as It Passes Over the City
of Reno

Reno, Nev., July 4.—Flying high,
the monoplane Southern Cross, con-
quered over Reno at 12:30 o'clock
P. M. to-day on the final lap
of its transcontinental trip to
Oakland, California.

When the plane reaches the coast
Wing Commander Kingsford-Smith
will have completed a flight around
the world started two years ago.
There are four aboard the plane with
him.

REPORT BY RADIO
San Francisco, July 4.—The Boeing
Air Transport Inc. reported receipt of
radio dispatches from the monoplane
Southern Cross, on a transcontinental
air journey, to Oakland from New
York, saying the plane was over Elko,
Nev., at 10:05 a.m.

MORNING START
Salt Lake City, Utah, July 4.—The
monoplane Southern Cross, conqueror
of oceans, now en route to Oakland
Cal., on the last leg of a flight from
Europe, hopped off here this morning
at 9 a.m. M. S. T. (8 a.m. Victoria
time), Wing Commander Charles
Kingsford-Smith, and his crew of
three spent the night here after a non-
stop flight from Chicago.

Colonel Arthur Goebel, winner of the Dole race from California to Honolulu
and known also for other long-distance flights, has completed plans at Los
Angeles for an attempt to make a lone flight across the Atlantic Ocean,
from Paris to New York. He plans to take off from Le Bourget field,
France. Two views of Goebel's machine, a low-wing monoplane, are
shown above, and in the lower picture he is seen standing beside it.

**SEVEN KILLED,
MANY INJURED
IN EXPLOSION**
Death and Destruction at
Castleford, England, When
Chemicals Blow Up

Plant Demolished in Blast
Heard Ten Miles Off; Ruins
Searched

Canadian Press
Castleford, Eng., July 4.—Ex-
ploding chemicals killed seven per-
sons instantly and wrecked the
plant of the Hickson and Parsons
Chemical Works here this after-
noon. More than a score were
taken to hospitals, some so seri-
ously injured they were not ex-
pected to survive.

One of those killed was a man walk-
ing along a river bank some distance
from the scene of the blast. He was
thrown into the stream by the force
of the detonation and was drowned.

FIRE ENGINES SENT
The explosion was so terrific that
authorities in towns ten miles away
heard and felt it and, after hurried
telephone inquiries, rushed fire ap-
paratus and ambulances to Castleford
without waiting for calls for as-
sistance.

Search of the ruins was continuing
this evening. It was feared at least
two other workmen had been caught
in the collapse of the factory.

FRUIT SHIPMENTS
Vernon, B.C., July 4.—Car lot ship-
ments of vegetables and fruit will leave
the valley for the first time to-night,
both railways running a nightly fruit
train to make main line connections.
The first car of mixed fruits and vege-
tables, comprising apricots and pota-
toes, left the Oliver district Tuesday.

Solo Paris-New York Flight Is Planned

Colonel Arthur Goebel, winner of the Dole race from California to Honolulu
and known also for other long-distance flights, has completed plans at Los
Angeles for an attempt to make a lone flight across the Atlantic Ocean,
from Paris to New York. He plans to take off from Le Bourget field,
France. Two views of Goebel's machine, a low-wing monoplane, are
shown above, and in the lower picture he is seen standing beside it.

New Plant Costing \$250,000 Will Be Started This Year

Machinery for Insulation Board Industry To Be
Ordered at Once, Announced R. W. Mayhew of Sid-
ney Roofing Company; Building Will Be Started
at Hospital Point by December and Plant in Opera-
tion by Spring.

Canadian Press
Vancouver, July 4.—Three
thousand United States cars crossed
the New Westminster Bridge, north-
bound, between last midnight and noon
to-day. Of these 2,300 passed after 7
o'clock.

TESTS SATISFACTORY
The experiments made at Spring-
field were very satisfactory and prove
very conclusively that a high grade
insulation board can be manufactured
here from materials that are now go-
ing to waste," said Mr. Mayhew. "We
have made experiments locally and are
making further tests at the University
of British Columbia before placing
orders for the machinery which will
be used in the new industry here."

"As soon as the tests have been com-
pleted to our satisfaction we shall be
ready to proceed with our building
programme."

SOON IN OPERATION
The order for the machinery will be
placed by September and delivery
will be made within six months. By
December next we shall be ready to
start erecting the building to house
the new plant and we hope to have the
new industry in operation early next
spring."

Mr. Mayhew stated that the cost of
the new plant, inclusive of the machin-
ery, would be approximately \$250,000.

Highway Scenic Spot Is New Up-island Hub

When the Cumberland-Alberni cut-off road is built, Royston will
become a very important highway junction, turning point, as it will be,
to the Alberni and along the Alberni Canal.

To this hopeful centre, the Victoria Times to-morrow will devote a
full illustrated page as a feature of its Saturday Magazine section.

WHEAT POOL IS DENOUNCED BY HON. F. OLIVER

Ex-Cabinet Minister and Rail-
way Commissioner Declares
Great Mistake Made

Says Canada's Economic
Structure Shaken to Its
Foundations

Canadian Press
Winnipeg, July 4.—Canada's en-
tire economic structure has been
shaken to its foundations through the
"disregard of well established
business principles" in the Wheat
Pools' method of handling crops,
according to Hon. Frank Oliver of
Edmonton, former Cabinet Min-
ister and publisher and former
member of the Board of Railway
Commissioners of Canada. In a
scathing denunciation of the pool's
marketing activities before the
Empire Club of Winnipeg yester-
day evening, he said the principles
of pool marketing, expounded in
western Canada by Aaron Sapir, had
"failed in their purpose."

"By his arguments," said Mr. Oliver,
"Aaron Sapir suggested the control of
prices achieved by the manufacturers
through control of output could be
achieved by the farmers through con-
trol of distribution. As a matter of
fact, there is a wide difference be-
tween control of output and control of
distribution of output. The idea that
any delay or adjustment of distribu-
tion can have the same ultimate ef-
fect on market prices as restriction of
output is an economic fallacy that can
only lead to disaster. It was on this
fallacy that the Canadian Wheat Pool
was founded and its operations car-
ried on."

BANKRUPTCY SEEN
The pool as a business organization
"has achieved bankruptcy," asserted
Mr. Oliver. The price paid to farmer
members for their wheat is lower than
at any time since formation of the
joint pool in 1924, he added, and
"at no time has the amount paid to
its members been equal to the aver-
age price received by the non-pool far-
mers from the independent grain
dealers."

(Concluded on Page 14)

THOUSANDS OF U.S. CITIZENS VISITING B.C.

New Westminster, July 4.—Three
thousand United States cars crossed
the New Westminster Bridge, north-
bound, between last midnight and noon
to-day. Of these 2,300 passed after 7
o'clock.

THE STREAM OF AUTOMOBILES, averag-
ing five passengers to a car, continued
at the rate of 400 an hour to-day.
To-day being occasion for people of
that country to celebrate their decla-
ration of independence, the ratio of
United States to Canadian cars travel-
ling north on the Pacific Highway is
five to one.

AUDITORS FIND BOOKS OF PARKS BOARD IN ORDER

Vancouver, July 4.—Accounts and
records of the Vancouver Board of
Park Commissioners have been found
by Helliwell, MacLachlan and Co.,
city auditors, to be in first class con-
dition, according to authentic reports
at the city hall.

This is the third branch of the city
service which has been satisfactory to
the auditors. The license department,
under Inspector Charles Jones, was re-
cently found to be in perfect order,
and the poll tax department, under
T. J. Corley, was also found to be ad-
ministered satisfactorily.

Revelstoke People To-night To Hear Prime Minister

Mr. King Enters Province on Election Tour Which Will
Bring Him to Victoria for Address Next Monday
Evening; Will Speak at Chilliwack To-morrow
Evening; Travels West After Addressing Great
Audience in Calgary Last Night.

By Ray Brown, Canadian Press Staff
Correspondent.

Calgary, June 4.—After address-
ing a large audience here yesterday
evening, Premier King left for Brit-
ish Columbia early this morning.
To-night he will speak at Revel-
stoke, and to-morrow night at
Chilliwack, in the Fraser Valley
after which he will go on for meet-
ings at Victoria and Vancouver.
July 7 and 8, respectively. On his
return trip, the Prime Minister will
again speak in the Province of
Alberta, a meeting at Edmonton
being held.

The Victoria Pavilion here was
crowded to capacity and many were
unable to gain admission even before
Premier King entered the hall. As Mr. King
spoke to the great crowd in the West
Calgary constituency where Hon. R. B.
Bennett, Conservative leader is a can-
didate, every available seat was oc-
cupied and people set on the cement
steps leading up to the side balconies.
The speech was broadcast throughout
the Province.

CHEERS FOR PREMIER
The Premier was greeted with a burst
of applause and cheering and a bouquet
of flowers. The little girl who carried
up the flowers was given a kiss and a
few words of appreciation.
Mr. King dealt with varied questions
of the election campaign.

No Boats, Trains or Cars For Head of Air Company

Planes Carry Edward A. Lowe
Wherever He Goes These
Days, He Says

Looks For Big Advancement
in Airplane Development in
B.C.; Leaves City To-day

A comfortable breakfast of ham
and eggs in Victoria at the usual
time, picnic picnic in the air, a big
porterhouse steak in San Fran-
cisco in the evening.

An early morning promenade along
Victoria's waterfront at 7 a.m.—the
golden rays of the setting sun over the
Golden Gate at 9 p.m.

This, in the opinion of Edward A.
Lowe, San Francisco, is rather an en-
joyable comparison to two days and
two nights even on palatial coastwise
liners or on de-luxe express trains be-
tween the north and south. This is
why Mr. Lowe is air-minded and why
he does all his traveling with two-
broad wings for support and a fast-
whirling propeller for motive power.

"Supposing we leave for Prince To-
morrow morning," he said in an inter-
view at the Empress Hotel yesterday.
"After breakfast we hop aboard the
planes. In seven hours we set her down
on California soil. By boat and fast
train we would have hardly started the
journey in the same time."

CAME BY AIR
When Mr. Lowe came to Victoria to
make final arrangements for the estab-
lishment of a seaplane base here and
the inauguration of a new air service
between this city, Vancouver and Seat-
tle, he traveled the aerial route in one
of two Fairchild cabin monoplanes
which he owns. To-day he is return-
ing to the south by the same means.

"I've done my traveling by air for
the last year and a half," he explained.
"Back and forth across the continent,
down to Los Angeles, or up to Seattle,
it's the easiest way."

(Concluded on Page 14)

GAS TAX TOTAL FOR FIVE MONTHS UP 45 PER CENT.

Provincial gasoline tax returns
for the first five months of the
year are more than forty-five per
cent higher than for the corre-
sponding period in 1929, according
to figures just released from the
taxation department of the Pro-
vincial Government.

The raising of the tax per gallon
from three cents to five cents on April
1 was responsible for the greater part
of the increase from a total of \$590,
132.19 last year to the 1930 figure of
\$864,882.20. These totals include re-
turns to May 31.

While the amounts turned into the
treasury for January, February and
March showed substantial increases
over last year's figures, the jump in
the April and May totals was tremen-
dous, although about 2,000,000 gal-
lons were consumed during last April
as compared with 2,900,000 in 1929.
Over 3,700,000 gallons were sold in
May, a small increase over last year's
total. However, the additional two
cents per gallon in tax boosted the
receipts to nearly twice the previous
level.

The monthly totals for each year
were as follows:

	1929	1930
January	\$ 62,512.71	\$ 69,741.40
February	55,670.26	68,048.97
March	78,943.33	96,135.61
April	85,806.68	145,008.08
May	106,109.15	188,068.16
Total	\$390,132.13	\$604,882.20

Only \$289

REV. W. R. BROWN DUNNING SAYS ASSUMES DUTY ST. LAWRENCE PLANS AIDED

Large Gathering Attended Induction Ceremony at Esquimalt United Church

Rev. W. R. Brown was inducted as pastor of Esquimalt and James Bay United Churches yesterday evening at a well attended ceremony at Esquimalt United Church, the ceremony being conducted by Rev. James Hood, chairman of the Victoria Presbytery.

The charge to the minister was given by Rev. S. T. Colquhoun, the charge to the congregation being delivered by Rev. George C. F. Pringle.

Rev. Mr. Brown was formerly pastor of Lady Smith United Church. He was educated at the University of British Columbia and at Westminster Hall, Vancouver. He succeeds Rev. Thomas Keyworth at James Bay and Rev. W. S. Howard at Esquimalt.

Following the ceremonies in the church a social was held by the Ladies' Aid in the church hall, the pastor being welcomed by Messrs. Deville and Gilbert on behalf of Esquimalt and James Bay congregations. Rev. W. A. Guy of Oak Bay also spoke briefly.

The first transcontinental auto trip from San Francisco to New York required fifty-three days. That was only twenty-seven years ago.

SHE IS DEEPLY GRATEFUL, SAYS MOTHER OF 13

Mrs. Reed Says Pains in Back Were So Intense She Couldn't Turn Over in Bed; Sargon Restores Health

"Sargon brought me health and happiness, and I am glad to tell my experience," said Mrs. T. B. Reed, 219 Holmes Street, Kansas City, Mo.

MRS. T. B. REED the mother of thirteen children and a beloved member of the Methodist Church.

"About a year and a half ago I began having severe attacks of indigestion and biliousness. My food brought a burning sensation and gas that caused severe palpitation. I frequently became so nauseated and sick I felt like I would die.

"My tongue was coated and I had a disagreeable taste. I was dreadfully constipated all the time and had splitting headaches. I had an awful spell with my back, and the pain was so intense I couldn't turn over in bed or get up and down without help. Afterward I was so weak I could hardly get about to look after my household. My nerves were in dreadful shape, and I seldom ever got a good night's rest.

"After taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills I am a different woman. They did me far more good than anything else I have taken put together. I have a wonderful appetite now and eat anything I want without the least trouble from indigestion, biliousness, headaches or any of my other troubles. My nerves are in perfect condition, and I sleep like a healthy child. I have gained eleven pounds, have more energy and have been so wonderfully strengthened that my household is a pleasure.

Sargon may be obtained in Victoria and Vancouver from all Owl Drug Stores and in New Westminster from the Bews Drug Co. (Adv.)

Steady Waterway Progress Made Despite Statements By Ontario Premier

3,500 People Hear Minister of Finance at Windsor, Ont.

By FRANK FLAHERTY Canadian Press Staff Correspondent Windsor, Ont., July 4.—Every forward move made by Premier King in connection with the St. Lawrence Waterway was met by some objection on the part of Premier Ferguson of Ontario, said Hon. C. A. Dunning, Federal Minister of Finance, here last night, replying to Premier Ferguson's recent statement on the question.

"I was present at some of the conferences with the provinces," Mr. Dunning said, "and I know what took place. I suggest the people study the situation and they will realize the official sticking point was a small one and makes a mighty poor excuse for holding up such an important work."

"Every effort has been made to move forward with the St. Lawrence Waterway, everything is ready to go ahead except for one little snag which concerns what will happen if the province starts development first for purposes of power, compared with what will happen if the Dominion starts first for purposes of navigation," he said.

READY TO PROCEED

"So far as the Dominion Government is concerned, we want to get on with the job. We are willing and ready to treat the Province of Ontario as if it did own the power resources of the river. It seems to me that in the face of the published correspondence it will be pretty difficult to draw a red herring from the St. Lawrence."

There had been an attempt, Mr. Dunning asserted, to show the King Government was holding up the St. Lawrence scheme. On the contrary, he declared, it had been going on with it and was still going on. The channel at Prescott was now being deepened and the new Welland Canal was now ready for operation.

3,500 HEARD SPEECH

The meeting was the largest one Mr. Dunning had yet addressed in Ontario. Fully 3,500 people crowded into the Auditorium.

A man asked: "Why did you give the natural resources back to Saskatchewan?"

"Because it has a Conservative government, with a Conservative candidate, in Essex," the minister said.

TARIFF QUESTION

Within sight of the great industrial city of Detroit, Mr. Dunning declared the high tariff policy of the United States had been a failure and should not be imitated by Canada. Canada could learn much more from Great Britain than from the United States, but she had to formulate her own policy to suit her own conditions.

TO REGULATE BEER SALE IN SOLDIER CLUBS

Regulations Approved By Order in Council Yesterday

Regulation under which veterans' clubs in British Columbia will be allowed to sell beer have been approved and incorporated under an order-in-council passed by the Executive Council yesterday.

The regulations set out the forms to be used in making application for the necessary license which can be issued only to bona fide veterans' clubs which were in existence and operating as active clubs with active membership on June 26, 1929.

No license shall be issued to any club whose premises are in whole or in part contained in any building used for a hotel, inn, restaurant, boarding house, lodging house or apartment house.

No structural change in the club quarters shall be allowed without the consent of the board of liquor commissioners.

RESTRICTION OF HOURS

It is set out that there shall not be allowed any consumption on the premises, of liquor before 10 o'clock in the morning or after 1 o'clock at night on week days; nor on Sunday, nor such other times as the board shall direct.

Registers of the members must be kept in the club and shall be in the form set out in the regulations. The board shall furnish the forms for the keeping of the register. No registration of guests or of the club shall be for more than fourteen days in any calendar year.

The right of entry by an inspector of a constable is set out, and such officers shall have the right to search the premises. No beer is to be consumed or served over a bar in the premises.

Provision is made for the tapping of the kegs or barrels through tag or seal attached, and these shall not be removed from the container.

The license fee shall be not less than \$100 nor more than \$500. The board shall fix the various amounts, in view of all the circumstances. For the remainder of 1930 the minimum fee shall be \$50.

CANADIAN PLANT FOR AUSTIN CARS

Assembling Factory For Famous English Automobile Started in Toronto

Toronto, July 4.—The Austin Motor Company of England will enter the Canadian field. A company has been formed, styled Canadian Austin Car Company Limited, which has obtained manufacturing premises in Toronto.

At its head is E. P. Clarkson, who was managing director of the Canadian Dodge plant prior to its absorption by the Chrysler interests. The new company contemplates immediate assembling of motor cars here, to be followed by ultimate manufacturing.

Gas In South Down to 10c

Gasoline sold as low as ten cents at service stations in Los Angeles, Sacramento, San Francisco marketing area of California, yesterday as the retail price was between independent and refining companies interested, Dow Jones News Service says to-day.

The Pacific Coast gasoline price will eliminate entirely some of the smaller marketing chains according to view of oil observers.

It was pointed out that companies like Standard Oil of California, Texas Company, Union Oil and others were obliged to post lower prices as the result of persistent cutting by independent refiners who bought gas from the refiners at four cents below the retail market level.

The reduction posted by the refiners with the company owned filling stations did not involve a corresponding cut in the tank wagon price. This would cut heavily into the profit of the independent.

ALASKA PAPER DEVELOPMENT URGED IN U.S.

Federal Trade Commission Recommends Mills Be Built in North

Ontario Premier Denies Canada's Alleged Interference With Newspaper Prices

Toronto, July 4.—Hon. G. Howard Ferguson, Premier of Ontario, when informed of a Washington report that the United States Trade Commission had recommended to the Senate, development of Alaska mills to "offset a further impending price rise" on newspaper paper, stated he had no knowledge of any proposed increase.

"I do not know what they are doing," he said, "because I have never interfered in these matters of private business."

COMMISSION'S REPORT

Washington, July 4.—Asserting that concern by two Canadian provincial Premiers had been responsible for a \$5 a ton increase in the cost of newspaper paper, the Federal Trade Commission has recommended to the Senate on its newspaper paper investigation cited a contract between Hearst newspapers and the International Paper Co. This contract included a price increase of about \$5 a ton, and included in agreements between Hearst representatives, the International Paper Company and Premier L. A. Tachereau of Quebec, and Premier G. Howard Ferguson, of Ontario, the report said.

"The International Paper Company," the commission said, "was induced to agree to an increase in price of newspaper to Hearst papers by threats of disciplinary action on the part of the Premiers."

The commission found that although the International sells only about twenty per cent of the newspaper paper used in the United States, "other domestic manufacturers generally follow its lead in making newspaper prices."

WATCH CANADIAN MILLS

Of the existing Canadian Paper Mill groups the commission said that if such a combination operated in the United States, "it would be in violation of the anti-trust laws, including the anti-trust provision of the Wilson Tariff Act."

Close observation of the Canadian combination was suggested to Congress, "with a view to remedial action if any agency is found to exist, or is created within the United States for the enforcement of such activities as have been contrary to the anti-trust laws."

THROUGH PANAMA CANAL

Quoting the 1921 price of \$62 a ton for newspaper, the commission said the proposed Canadian increase would establish a price of \$67 a ton, which Alaska Paper could be delivered to New Orleans through the Panama Canal for \$55 and to Chicago for \$54.50.

"It would seem," the report stated, "that Alaska newspaper should compete with eastern United States and Canadian mills, adding a suggestion that Alaska power sites and timber lands should be developed and that the government should continue its experiments with the manufacture of paper from farm waste products."

NO MONOPOLY

Explaining no company now operating in the eastern portion of the United States has a sufficient proportion of business to constitute a monopoly, the commission said: "The possible monopoly or tendency toward monopoly" of the Crown Zellerbach Corporation in Pacific States, "has been the subject of investigation by the Federal Trade Commission, and the report said."

PLUNKETT SPEAKS AT WARD FIVE

D. B. Plunkett, Conservative candidate, spoke at the Ward Five Conservative meeting and social last night when refreshments were served. He called the Dunning budget a deceptive thing, said that the countervailing duties took away the manhood of Canada, and declared that Hon. J. E. Bennett was facing the problem of unemployment in a manly way and would save the house together to find out ways of rectifying it. He said that the Dunning budget was a deception at Ottawa there would be some form of unemployment insurance, was only sidetracking the matter.

Other speakers were Mrs. Alice McGregor, H. Dorrell, E. W. Raven and R. Green.

W. G. Winkel, chairman of the gathering, spoke on successful organization.

FARMERS NAME CANDIDATE

Saskatoon, Sask., July 4.—At a convention strictly barred to a general public and press, the Farmers' Political Association of Melfort last night nominated Ferman E. Doyle, farmer of Enderley, to contest the Melfort riding in the federal election. According to a statement issued by the chairman, about forty delegates were in attendance.

FASHION SUCCESSES are BARGAIN SUCCESSES In This Amazing July SALE

Prices Have Been Drastically Cut to Merely Fractional Size!

However smart, however much it mirrors the latest Paris trend, every chic creation in the store—hats, coats, suits, frocks, furs—must submit to a ruthless reduction! It really isn't pleasant to cut prices so drastically on garments so charmingly smart. But we've got to do it. We simply must have room for incoming apparel... and we're determined to secure it by prices so low no woman can resist them. Be sure to drop in early.

You'll find our Budget Payment Plan a convenient aid in defraying the cost of your purchase.

ECONOMISTS HIT INSURANCE TARIFF, TAXES

Anomalies and Inequalities Pointed Out at "Folly of Work" Summer Conference

Forest Park, Pa., July 4.—The tariff system, property taxation, public utilities and insurance in the United States were denounced as rackets by university professors and other students who made addresses at Camp Tamiment to-day, in the second day of the League for Industrial Democracy's "Folly of Work" conference.

Dr. Clair Wilcox, associate professor of economics at Swarthmore College, called the flexible clause in the new tariff law a "fraud."

"The flexibility of the tariff is like the flexibility of the elbow," he declared. "It bends only one way."

THIRTY-SIX CHANGES IN EIGHT YEARS

On the basis of the eight-year test of a flexible tariff, during which time the Tariff Commission has made eighty investigations and only thirty-six rates have been changed, Dr. Wilcox pointed out it would take 800 years to overhaul the 2,000 items in the Grundy tariff at this rate. Moreover, of the thirty-six changes during the past eight years, thirty-one were increases in rates, he said.

As a result of the log-rolling "racket" which produced the new law, said Dr. Wilcox, 34,000,000 workers in this country will be penalized for the benefit of 8,000,000.

CONFUSION IN LAND VALUES

Pointing out that under the laws of the various states there are twenty-one different methods of determining land values as the basis of assessments, Prof. Carl Schiele of the University of Pennsylvania declared that confusion and serious injustice mark the taxation of real property in this country. He cited one case in which the assessment of a large mining property, owned by a family of multimillionaires, has not been changed since the Civil War, while small home owners in the vicinity are being taxed on the basis of the present selling price of their property.

URGES SEPARATE VALUATION

He urged the separate valuation of land and buildings and the basing of assessments on rental values.

Private ownership of the electrical power industry is costing the American people a quarter of a billion dollars annually, declared H. S. Raushenbush, former Secretary of the Com-

mittee on Coal and Power. He said this sum represents the excess in financing costs over what they would be under public ownership.

Abraham Epstein, Secretary of the American Association for Old Age Security, and while in the life insurance business discovered twenty years ago still remain. Declaring that 30 cents of every \$1 spent by insurance companies during 1929 went into the cost of management and dividends to stockholders, and that the expense ratio in the United States as a whole is thirty-five per cent. Mr. Epstein said few efficiently-run businesses require "such enormous overhead."

He listed nepotism, excessive salaries to officers, extravagant writing costs and the expenditure of large sums for lobbying among the sources of waste.

James R. Brown, president of the Manhattan Single Tax Club, spoke on "Pyramiding Land Values."

Valuators Meet Council on Fort Street Widening

Members of the City Council yesterday afternoon discussed the Fort Street widening scheme with two special valuers named to make an independent survey of property values in the area where expropriation will be needed to secure land for the development.

Mayor Ansonby, Alderman J. L. Mars, John Worthington, E. S. Woodward, Alex. Peden, H. O. Litchfield, R. A. C. Dewar and James Adam attended. Progress on the scheme was reported.

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, JULY 4, 1905

The excursion in honor of the visiting members of the American Institute of Mining Engineers was one of the most successful events of its kind held in these waters. Every requisite to a pleasant outing was present, including beautiful weather and a goodly company.

Several unexpected hitches came up in the consideration of a number of city by-laws before the decision of the city law-making in connection with the tax by-law of 1905.

The Empire Cannery at Esquimalt is expected to commence packing of salmon next week. Messrs. Todd and Munroe, the owners, desire The Times to state that visitors are not allowed inside the cannery without an order from the Victoria office.

A number of aldermen at last night's meeting of the city announced that the lumber combine in this city had been broken, and that quotations had been cut to such an extent that they considered that if an extended time was allowed tenders on the Rock Bay bridge a material advantage might accrue to the corporation.

With the warm weather and the annual public school holidays a large number of Victorians have left their city residences to enjoy the freedom of camp life for a few weeks.

To-day's excursion to Port Angeles on the C.P.R. steamer Princess may be proving successful beyond all expectations. The carrying capacity to the ship is 350 passengers, long before the ship sailed on her first trip this number of tickets had been sold and people had been left standing on the wharf who could not be received aboard.

PLAN MEASURE TO INCREASE EMPLOYMENT

Bill to Be Introduced in British House of Commons Next Week

London, July 4.—The first fruits of the co-operation pledged by the Parliamentary Liberal Party with the Labour Government's prospective efforts to reduce unemployment in Great Britain are foreboded in emergency legislation which will be introduced in the House of Commons next week.

The Unemployment Emergency Bill, as the measure is already called before its birth or advent in Parliament—will have as its object the speeding up of legislative processes in connection with projects to provide employment.

It is expected the House of Commons will be asked to vote a considerable sum to defray the expense of relief work in the most necessitous areas. The proposal of Mr. MacDonald-Lloyd George, Liberal leader, that a large loan be issued to finance the building of public works will probably receive consideration.

As for the members of the House of Commons, they are faced with the prospect of much curtailed summer holidays, as the legislation pending in all likelihood will extend the session into late August.

It takes about a year for the Bishop of the Upper Nile to visit his diocese, which covers an area of 250,000 square miles and has a population of 4,500,000.

WOOL PRICE FIXING BARRED BY COURT

Producers Controlling 65 Per Cent of Billion-dollar U.S. Industry Affected

New York, July 4.—The largest manufacturers of woolen products in the United States, comprising 138 spinners and weavers of worsted products, who are said to control 65 per cent of a billion-dollar industry, were enjoined yesterday forever from fixing prices, in a decree signed by Federal Judge W. L. Grubb on consent of the Wool Institute Inc. of 2 Park Avenue in an action brought by United Attorney General Mitchell under the Sherman anti-trust laws.

Members of the institute, which was named defendant in the action, are officers of woolen mills in New York, New Jersey, Massachusetts, Connecticut and other eastern States not specified, in a complaint which was filed by James Lawrence Fry and John Ford O'Brien, special assistants of the Attorney-General.

The complaint, filed with the injunction, states that the defendant, none of whose officers is named, is a trade association composed of 103 weavers and thirty-five spinners, who supply most of the woolen materials used in the manufacture of garments for men, women and children throughout the United States.

Though the order was filed on consent of Lee Swan & Donoghue, attorneys for the defendant, and though A. D. Whiteside, president of the institute, issued a statement later in the day saying it would have a beneficial effect on the industry as a whole, no assurance was made that prices to the ultimate consumer would be any lower.

NO CHANGE IN GENERAL PRICE RANGE

The spun and woven product, it was explained at the institute, sold to garment makers at from 50 cents to \$15 a yard, depending on quality of the wool used, and though the order might reduce some of the prices in this schedule the general range, it was said, would be maintained, since hard times had hit the industry where price slashing was already said to be in order.

This view of the situation was shared by a spokesman for the American Wool Company, one of the largest manufacturers in the business, who said that he expected no reductions to be made in schedules or prices ranging from 80 cents to \$3.50 a yard.

The first quarter of an hour after birth is the most dangerous period of life, according to a prominent British physician.

Stomach Troubles

Doctors say 90% of all sickness is due to stomach troubles, so if you suffer from gas, pains in the stomach or bowels, dizziness, and have no appetite, can't sleep and are nervous you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Your druggist sells it on money-back guarantee. (Adv.)

Car of Whisky Is Seized at Chicago

Chicago, July 4.—A freight car load of whisky, valued by prohibition agents at \$90,000, was seized in Pennsylvania Railroad yards late yesterday. Investigators, under Assistant State Attorney Charles R. Bathen, head of the inquiry into the killing of Jake Lingle, Tribune reporter, made the haul. Officials said it had come from Boston and was consigned to George "Bugs" Moran.

Alameda, Cal. July 4.—Work is being rushed here on what is thought to be the first steam-powered airplane in the United States. It is being built by William J. Bessler, pilot-inventor. It will have a two-cylinder compound type engine weighing about 300 pounds, with 150 horsepower.

OCEAN FLYERS AS THEY LANDED IN NEW YORK

Radiantly happy, with the Atlantic's broad wastes put behind them, three of the four fliers of the monoplane Southern Cross here are shown as they posed after landing at Roosevelt Field, New York. Left to right are Wing-Commander Charles Kingsford-Smith, leader of the expedition; John W. Stannage, the wireless operator; Anthony Fokker, manufacturer of the ocean-conquering plane; and Evert Van Dyk, Dutch co-pilot on the Ireland-to-America hop. The airmen reached New York in fifteen hours and twenty-six minutes after their take-off from Harbor Grace, Newfoundland, where they were forced down by shortage of fuel after spanning the ocean.

MAN CLAIMS GRAVE MISTAKE MADE BY COURT

Montreal Citizen Denies He Is F. J. Parker Chicago Police Say Has Record

Canadian Press
Montreal, July 4.—Efforts of Frank J. Parker, former president and manager of the Dominion Distilleries, to prevent criminal proceedings against him on charges of perjury failed yesterday in practice court here when Mr. Justice Dugas dismissed a petition for a writ of prohibition. Lawyers for the accused gave note of appeal.

The perjury charge arose from an investigation conducted by former prosecutor F. Philippe Brail, K.C., as a commissioner named by the Governor-in-Council, during which it is claimed Parker was claimed to be guilty of perjury in denying he had operated a scheme to route liquor trucks by a prearranged road in order to evade customs officers, and by stating that only once had he been an inmate of a penitentiary.

Joseph H. Cohen, K.C., and Hon. J. L. Perron, defence counsel, claim their client, Frank J. Parker, is not the same F. J. Parker to whom is attributed a long criminal record by Chicago and other United States police. The defence lawyers claim there is documentary proof that their client has been confused with this other Parker.

Legal and police authorities of Chicago, they claim, have sent in sworn affidavits to this effect.

AUTO PLUNGES IN RIVER AND FIVE MEN DIE

Murray Bay, Que., July 4.—Two automobiles plunged into the Murray River near here last night and five men, all of this place, were drowned. The victims were Olive Tremblay and Napoleon Tremblay, brothers, and Eugene d'Assy, Elias d'Assy and Alfred Asselin. Rene and Lawrence Tremblay, brothers of the two Tremblays who were drowned, escaped by swimming.

The tragedy occurred when the car bearing the seven men was hastening to the scene of an accident in which another car had gone into the river at the same spot. It was a curve and a car containing three men had failed to make it, crashing over an embankment into the water. The seven men were safely from their submerged machine. The second car, attracted by the first accident, suffered the same fate, but the five were evidently pinned under their car.

The water at that point is twenty-five feet deep.

Engineer Retires Family on Railway For Hundred Years

Philadelphia, July 4.—When Train 124, a Washington-New York express, pulled into Manhattan Transfer tomorrow at 1.12 p.m., daylight saving time, to be coupled to an electric locomotive, Conover A. Thomas of Rahway, N.J., seventy-year-old engineer, will step from the cab of the steam locomotive and retire after fifty-two years of railroad work, forty-two of which have been spent at the throttle. His retirement will end three successive generations of railroad service in the Thomas family.

The conductor of the same train from Philadelphia to New York will be Earl H. Thomas, the engineer's son, who has served the Pennsylvania Railroad twenty years. In 190 years the four generations have given the company, or companies now forming part of its system, a total of 147 years of service.

Vancouver Island News

Chemainus

Chemainus, July 4.—Under the auspices of the Junior W.A. of St. Michael's and All Angels' Church a delightful tea was held at the home of the superintendent, Mrs. J. Underwood; Mrs. L. G. Hill and Mrs. Rice assisting. Tea was served on the veranda, Gladys Cook, Ruby Moffatt, Peggy Toynbee and Joy Lang waiting on the guests. Mrs. T. Toynbee acted as doorkeeper.

A very attractive candy stall was in charge of Jean Evans, Violet Laidlaw and Hazel Leeson.

A nice programme was rendered by the little girls, as follows: "The Welcome," Bertha Underwood, "Ten Little Pennies," Edna Magnuson, Eileen and Gladys Work, Jean Andrews, Margaret and Jacques Eberts, Irene Underwood, Joy Lang, Betty Low, Leona and Rosie Cruick. Recitation, "Sunday at Our Home," Ruth Low. Dialogue, "The Junior W.A.," Peggy Toynbee, Ruby Moffatt, Gladys Cook, Jean Evans, Hazel Leeson and Joy Lang. Recitation, "God Wants the Girls and Boys," Leona Cruick and Faisy English. Recitation, "Growing Smiles," Rosie Cruick and Betty Low.

The entertainment was brought to close with the hymn, "Jesus Loves Me," sung by J. Lang and a chorus of twenty girls.

The proceeds of the afternoon amounted to \$11.44.

Ladysmith

Ladysmith, July 4.—Mrs. D. N. Alexander and her son, of Vancouver, are spending a holiday here as the guests of Mrs. Alexander's parents, Mr. and Mrs. J. Watson.

Miss Thelma Hunter of Blakelyburn is spending the summer vacation with her parents.

Mrs. A. McLeod and daughter of Vancouver are the guests of her parents, Mr. and Mrs. F. Moon.

Miss Megan Thomas and her brother, Morris, are spending a holiday with friends in Courtenay.

Mr. and Mrs. W. Allister and family of Chemainus spent the holiday here with relatives.

Miss Madeline Vercher of Vancouver is visiting her parents here.

Mr. and Mrs. D. Coupland and family of Soanemo spent the holiday here with friends.

Mr. and Mrs. E. Salder of Victoria are the guests of Mrs. W. Beattie St. this week en route to Long Beach, V.I.

Mrs. Margaret and Ella Metro of Seattle are spending a holiday here with friends.

ROTARY'S JUBILEE—AND ITS FOUNDER

Here's scene as thousands of delegates gathered in Chicago for convention. Singing of the Rotary anthem marked the opening of the twenty-first annual convention of Rotary International at the Chicago Stadium, after which President Hoover's message of greeting was read to the 10,000 delegates. This picture shows a general view of the opening. In the inset is Paul P. Harris of Chicago, founder of Rotary and one of the honor guests at the convention.

Cordova Bay

The annual picnic of the Gospel Hall Sunday School of Victoria was held at Cordova Bay on Dominion Day. In the grounds lent by Mr. Nodak. Sports were indulged in from baseball to rope skipping. Meals were served in a large

marquee. The outing terminated with community singing. The Wilkinson Road United Church Sunday School held a picnic at Cordova Bay on Dominion Day. A huge crowd enjoyed beach sports. Meals were served in McMorran's Hall. On Dominion Day the beach was crowded with a happy holiday crowd. Mr. and Mrs. Skett spent the week-

end at their summer cottage. Mr. and Mrs. Barker and family are visitors at the Bay, staying at Camp Alder Wood. Professor and Mrs. Davidson and family from Vancouver are visitors for a few days, staying at the Auto Camp. The Victoria Hall Sunday School held a picnic at Cordova Bay Beach, July 1. Beach sports were enjoyed.

OFFICIALS OF ROTARY INSTALLED

Reins of Club's Government Handed to New Executive During Fine Meeting

Responsibility of Office Accepted by Padre Bruce and New Officers

Victoria Rotarian leaders for the 1930-1931 term were installed with due solemnity into office yesterday evening, when R. W. Mayhew, a former president, performed the ceremony at the special cabaret meeting in the Empress Hotel.

Before handing over the reins of the club's government to the new executive, Mr. Mayhew spoke appreciatively of the work done by the retiring officers paying particular tribute to the work of Alfred Carmichael, former president, and Mrs. Carmichael. The latter, he noted, had been ever willing to assist in the women's side of Rotary, and had contributed considerably to the success of the year.

Turning to the new officers lined before the head table, Mr. Mayhew reminded them of the responsibility that would be theirs following the meeting, and enjoined them to keep the aims of Rotary always in the foreground.

UPHOLDING AN IDEAL.

To each officer he gave kindly advice before pronouncing his new position in the club. He reminded them that the new work they were undertaking was quite different from the management of a big business or fraternal organization. It was an ideal, he stated, and would require great work from them during the year.

The activities of the club must be pursued in a gracious manner, and the programmes would have to be edifying.

A great ovation was given Padre Montague W. J. Bruce as he took the president's chair at the head table. Addressing the members, the new head expressed his thanks for their support, and stated he realized the responsibility which would be his in the year to come. Although, as a parson, he had come into contact with many phases of life in Victoria, he had never been given such an opportunity to mingle with business men of the city as had been afforded through his connection with the Rotary Club, the padre said. His membership had made him more broadminded and had brought him into closer touch with the ideal of fellowship among men, he added.

PREDICTS SUCCESS.

Rotary would go ahead through the Rotarians, not necessarily the officers, the new president stated, saying that he was confident, that with the co-operation of the members, the year would be a success.

In token of the club's appreciation of the services of Alfred Carmichael, retiring president, the Rev. Mr. Bruce presented him with the past president's Rotary button.

After expressing thanks for the honor done him, Mr. Carmichael sketched the progress of the Rotary Club since its inception, twenty-five years ago. Victoria, he thought, through its geographic position and international appeal as a tourist centre, had a splendid opportunity to forward the international objectives of Rotary. The members in this city came into contact with all classes of people, and should undoubtedly be in a position to carry out great work, he said.

GREAT GROWTH.

His address follows:

"In the year 1905, the year of the organization of the first Rotary Club in Chicago, there were but twenty members. By 1910, Canada had been included and membership had risen to 1,500. During the next five years clubs had been formed in Great Britain and Ireland and by 1915 membership had risen to 14,500.

The following five years witnessed the inclusion of the following countries in Rotary: Cuba, the Philippines, China, Panama, India, Uruguay and Argentina, and the membership had risen in 1920 to 48,500.

"During the next five years Rotary spread to twenty-two additional states and countries, embracing France, Australia, South Africa, New Zealand, Peru, Newfoundland, Denmark, Norway, The Netherlands, Brazil, Belgium, Italy, Bermuda, Chile, Switzerland, Guatemala, Czechoslovakia, Austria, Hungary, Portugal and the Irish Free State, and membership had risen to 105,000 by 1925. During the last five years Rotary has spread to Sweden, Venezuela, Colombia, Finland, Costa Rica, Salvador, Ecuador, Bolivia, Ger-

A Strong Financial Bridge

A SAVINGS bank account in The Canadian Bank of Commerce is a bridge over which your money can safely be carried to profitable use.

This bridge rests on the most solid of foundations. It stands secure against dangerous elements—the jagged rocks and the treacherous undercurrents that might cause the loss of your money.

And this strong financial bridge would link your work with that of other hardworking Canadians—the farmer who plants seed in fertile soil; the woodsman and the mill operative who turn trees into building materials and paper; the miner who brings rich minerals to the surface; the fisherman who casts his net for the harvest of the sea; and the factory worker who manufactures all kinds of material into a great volume and variety of Canadian goods.

The road to this safe bridge starts at any one of the 800 branches of The Canadian Bank of Commerce.

SCIENCE'S NEW MECHANICAL MAN

Here is Rastus, newest of mechanical men, exhibited by his co-inventors, Dr. Phillips Thomas, right, and S. M. Kirner, left, at the National Electric Light Association convention in San Francisco, who can do almost anything except shoot. Rastus takes his commands from a flashlight beam and actually moves and talks. His vocabulary consists of six words.

many, Paraguay, Greece, Egypt, Algeria, Java, Burma, The Malay Straits, Manchuria, Luxembourg and Yugoslavia.

"From the small beginning in Chicago twenty-five years ago, the Rotary movement has spread to sixty-three countries with a total registration of 3,540 clubs and a membership of 153,000. Why has Rotary spread all over the world embracing peoples of diverse race, political outlook, religion, language, customs and manners? It is because it seeks to give conscious and practical expression to an ideal which is latent in the heart of every man of every race and color. It is the ideal expressed in the sentence 'Service above Self.' It is because the aim and object of Rotary is to educate members in the knowledge that there is an opportunity for service in a man's vocation, there is dignity in his occu-

the development of good international understanding."

PLAN PAGEANT

L. C. Basanta, organizer of the "Pageant of Nations" to be presented by the local club for charitable purposes in the Armories during September, addressed the gathering on plans for the show. He reminded the members that he would need their whole-hearted co-operation in the venture, and would particularly need the assistance of the ladies of Rotary and the daughters of the members.

He outlined several similar pageants he had successfully directed, and expressed the conviction that the coming event would be no exception.

During the evening the pupils of Miss Clough's Dancing Academy presented splendid exhibitions that won warm praise from the gathering.

Among the guests of honor at the function were His Honor the Lieutenant-Governor and Miss Margaret Mackenzie, His Worship the Mayor and Mrs. Anson, H. Stevens, president of the Kiwanis Club, and Mrs. Stevens, Frank Burton, president of the Gyro Club, and Mrs. Burton, as well as other citizens well known in service club circles.

JAILED FOR STARTING FIRES

Juneau, Alaska, July 4.—Three fires set by Nick Thomas as signals in hills above Lynn Canal got beyond his control and as a result he was sentenced here yesterday to ninety days in jail. It was bad luck for Nick all around. First, he was forced to leave a camp on the Katsineh River in the Haines district after an argument with his two mining partners. Then he set the fires, after hiking down the river a distance to call for aid from Lynn Canal. Forest rangers sent from here finally brought the fires under control after about thirty acres had been blackened.

Flour is a combustible substance. When a cloud of it floats in the air of a room every particle is in immediate contact with oxygen, and a flame or even a spark will cause it to burn.

BUDGET LOWERS HOME EXPENSES

Has Strong Appeal to Women, Says Woman Senator

Tea Alone Will Be Cut From Ten to Fifteen Cents a Pound

Canadian Press
Newmarket, Ont., July 4.—Presenting the Dunning budget as one with a strong appeal for women, Hon. Catharine Wilson, Canada's only woman senator, yesterday spoke here on behalf of William F. Mulock, Federal Liberal candidate in North York.

Mrs. Wilson declared Canadian women were able to buy their tea from 10 to 15 cents a pound less than heretofore. British porcelain and chinaware, which have long held high place in the regard of every housewife, she said, were now given free entry under the preferential tariff, and many other items in daily use in the home were admitted under lower rates of duty.

"Hospital and sick room supplies are admitted free of duty," said Mrs. Wilson, "and the many labor saving devices dear to all our heart will be obtainable at lower prices."

Speaking of the work of the Department of National Health and the various publications issued by that department on the important questions of "our homes and babies," Mrs. Wilson remarked: "It has always been a matter of surprise to me that a woman, simply through bringing a child into the world, should be expected to know everything necessary to its upbringing. What a blessing that we are no longer expected to know so many things by intuition."

Keeping in Trim —In the Morning

By JEAN PATOU

PARIS, July 4.—Those practical ensembles set aside for morning or informal wear, more often known as "sports clothes," have really little in common with the latter. In the first place, sports clothes have to be and look simple, therefore all phantasy is barred from them. With morning ensembles, the same general ruling applies, with a difference. They are allowed a greater latitude in the choice of materials and in the form of discreet but very feminine trimming.

The fabric that is enjoying unestimated popularity this season for making up morning ensembles belongs to that category of tweed weaves. Next come a few varieties of jerseys than are being used more generally for blouses. Lace jersey is essentially a summer fabric and infinitely more agreeable to wear in hot weather than the ordinary wool jersey, which is rather too tightly woven for perfect comfort.

VARIED COLOR COMBINATIONS

Color combinations play an important role in these morning costumes, but they have to be carefully studied. A neutral shade is usually used as a basic color touched with some livelier color. There are a number of good color combinations to be seen this year, but my preference goes to brown and yellow or brown and cream, beige and red or green and white, the latter sometimes outlined with black.

A complete morning ensemble is made of green tulle de laine, a favorite fabric of Jean Patou's, speckled with white, with white pique touches at the neck and for a shoulder flower. The crown of the hat, the bag and big beads are all made of the frock's material.

Most of the new materials show a fancy weave in two or more colors. This is sufficient decoration in itself, and I favor these in preference to other fabrics set aside for informal wear, as those are apt at times to look a little too hard and mannish.

As both dress and coat are usually made in the same material, attractive decorative effects and a pleasing variety can be brought to the costume by using the fabric on the bias or diagonally for either one of them, or again, by clever incrustation work.

ACHIEVING JAUNTINESS
Lingerie touches and buttons are made use of too, in these morning ensembles, to enhance or outline certain details and impart a jauntier effect. Speaking of lingerie touches, the unheard-of success of white cotton pique as a trimming may appear strange to some people, but it has its "raison d'être." However illogical its style creators may still be considered by the uninitiated, the use of pique is not the result of a whim, but it happens to be the fabric best suited to accompany sports clothes. It is more tailored-looking than sheer linen and organdy and other such sheer materials.

Accessories play an important part in these ensembles. Made of the same material—and by accessories I mean hat and bag principally—they are smart, but I consider this rather too easy a way of settling the problem of harmonious accessories. It tends to make the ensemble monotonous. If and when the costume fabric is used, both hat and bag should be combined with some other medium to escape banality. Tweed combined with Panama or any other straw is an elegant solution to the problem so far as the hat is concerned, and if some precious wood fastens the clasp of a tweed bag, real elegance is the result. But the all-tweed hat and bag—that's too easy.

Costly Screen Tests Make It Harder to Break Into Movies

By DAN THOMAS

When a girl gets a movie test in Hollywood now, it simply means that some movie magnate is willing to bet \$500 that she will become a valuable movie actress.

For getting a movie test now is a lot harder than it used to be. In the days of silent films it was easy. Almost anybody could bounce into a studio and have a length of test film run off. But those days have ended. The average talking screen test costs \$500—and while studio executives will often waste \$25,000 on a single production, they will not toss \$500 out of the window unless they see some prospect of getting it back.

MUST SHOW REAL TALENT NOW

As a result of all this, the prospective player must show considerable talent before a test is arranged. Such newcomers as Laura Lee, Irene Delory, Marjorie White, Eleanor Hunt, Jeanie Lang, Frances McCoy, Grace Moore, Mary Lewis, Zelma O'Neal, Bernice Clair and Frances Dee were given the tests that won them their contracts only because the producers knew in advance that they were practically sure-fire material.

When the talkies first developed, screen tests were made lavishly. In many cases voice tests were made with the film part left undone—with the result that many actors who were engaged didn't last out their first pictures.

Now the business is systematized, however. A candidate who gets a screen test is almost sure to go on and make the grade.

WAS EASY ONCE

Back in the days when Clara Bow, Joan Crawford, Alice White, Barbara Kent, Mary Brian and others of our present-day stars were getting their starts, it was a comparatively simple matter to secure work before the flicks. movie camera. Casting directors were given a free rein and made tests of nearly every girl who came along, providing she had a pretty face or shapely figure.

To-day all is different. It costs money to make a test of a player now that the "squawks" have taken possession of the film colony.

Even in the early days of audible films conditions weren't what they are now. In fact, more tests were made during that particular period than at any other similar length of time during the history of pictures. Studio executives were so eager to grab stage talent that anyone who had spent at least two nights behind the footlights was considered a good prospect.

To-day the studios carefully file all tests, even though the actor might not get the part he or she was after. And in the future, if this player is considered for another similar role, that studio borrows his test from the first one instead of going to the expense of making its own. In that way one test takes the place of many and money is saved.

GETS A DIFFERENT "ANGLE" ON THINGS

MISS HENECKER MADE PRESIDENT

**Montreal Woman Chosen
Head of Professional and
Business Women's Clubs**

Canadian Press
Winnipeg, Man., July 4.—Miss Dorothy A. Henecker of Montreal, today was named Dominion president of the Federation of Professional and Business Women's Clubs in Canada. Delegates from seven provinces unanimously selected Miss Henecker as leader at the first Dominion convention of the organization. Miss M. E. Thornton, Winnipeg, was chosen vice-president.

It is expected, though not definitely decided, that the next Dominion convention will be held in Montreal. At luncheon today, delegates were guests of Mrs. Edith Rogers, M.L.A. An address by Miss Mildred McMurray on "Laws for Women" was a feature. At a banquet to-night, Miss Lena Madison Phillips, New York, organizer of the National Federation of Professional and Business Women's Clubs, will speak.

Provincial vice-presidents, who form the board of directors of the Dominion body, together with the Dominion president and vice-president, were appointed to-day as follows: British Columbia, Miss Catherine MacDonald; Vancouver, Alberta, Miss Pansy Rue, Calgary; Saskatchewan, Miss Marion Cowie, Saskatoon; Manitoba, Miss Mildred B. McMurray, Winnipeg; Quebec, Miss Hazel M. Taylor, Montreal.

Shirley

Mr. E. Clark and E. Clark Jr. and Mr. Clark were home here during the week.

Harry Todd is spending a week at his home at Mount Douglas.

Mrs. M. A. Clark and the Misses Evelyn, Irene, Hazel and Gladys Clark went to Port Angeles on July 1.

Mr. and Mrs. W. J. Milligan and son Billy, accompanied by the Misses Kathleen and Marie Milligan, are on a motor tour through Washington State.

Leslie Clark is home for the holidays.

Master Raymond Oliver, Royal Oak, is staying with Mrs. M. A. Clark for the week-end.

Miss Evelyn Clark is home from school.

Donors to Boy Scout Garden Fete Thanked

The monthly meeting of the Women's Auxiliary to the Victoria Boy Scouts' Association was held in scout headquarters, 1084 Johnson Street yesterday, to close all business in connection with the garden fete held at Government House Grounds on Saturday, June 28.

The fete was a huge success socially and financially. A resolution of thanks to the following donors of supplies of various kinds, was passed: Princess Bakery, English Bakery, Hill and Gray, Mrs. Small, Cornwall, Manna, Mansfield Bakery, Tobin, Bon Ton Bakery, Shelly, Hanbury, Rennie and Taylor, The B.O. Window Bakery, Sir James and Lady Douglas Chapter I.O.D.E. Stevenson's Douglas Street, Pearce Erickson and Company, Ormond and Company, The box of Stevenson's chocolates won by Mrs. Gale, and underlip contest by Mrs. F. Dawkins, was won by Mrs. Harwood.

FALSE TEETH LEFT ON TRAIN

**Bizarre Example of Absent-mindedness Reported By
C.N.R.**

Edmonton, Alta., July 4.—The most bizarre example of absent-mindedness that the lost luggage department of the C.N.R. have experienced, occurred recently when a frantic telegram was received from a woman who had left her entire set of false teeth in a sleeper which was put off here.

These lost luggage officials seem to have a happy knack of putting their hands immediately upon wandering articles, and this case was no exception. A negro porter came in gingerly holding the missing molar, and with the utmost care they were dispatched to their owner.

WILL MEET TO-NIGHT

The W.B.A. Pioneer Club will meet to-night at the home of Mrs. J. Watson, 1000 Cloverdale Avenue, at 8 o'clock.

All twenty-year members will be welcome.

YOUR BABY and MINE

For MOTHERS MIND

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and addressed envelope forwarded to this office will bring a personal reply.

ANOTHER MOTHER FINDS SPANKING FUTILE

Several months ago we received a triumphant letter from a mother whose daughter, aged two and one-half, was a runaway. The pastures beyond were always greener, and as soon as the mother looked sideways, the daughter hid for them. The mother related that she had cured her of this habit with two hard spankings. She felt that she no longer needed to worry about that obstreperous infant with the wanderlust.

Recently we received this abject letter which the mother calls a "conscience letter." We feel better about it, too, because we can't feel that the intelligent child or the intelligent mother can get any place at all with spankings. So we publish this letter for the experience it relates:

"Dear Mrs. Eldred," says H.B., "I have never boasted yet that I haven't had to eat my words. Spanking simply doesn't work. I wrote you that I had cured my little daughter, two and one-half of running away by giving her a sound switching whenever I happened to catch her. It did work for a while, but that is all. I should have known better because I have reared Betty to be fearless—she is not afraid of anything, and she takes her hurts in a sportsmanlike way to the limit.

SWITCHINGS INEFFECTIVE
"But I had given her hard spankings and felt I should stick to this punishment consistently. I have given her four hard switchings, and all to no avail. The last time I really blistered her fat legs. I have accomplished nothing, and I am thoroughly disgusted with myself. She has won and I admit it.

ARTS SOCIETY TO ARRANGE EXHIBITS

**Will Show Paintings and Craft
Work at Provincial Exhibition
Next Month**

The Island Arts and Crafts Society are again arranging an exhibition of paintings and craft work for the Provincial Exhibition at the Willows, August 18-23, according to word received from Thomas Bamford, convenor of the committee in charge of the work. The committee is now busy collecting paintings and different forms of craft work so that the exhibit may represent the best artistic talent of the community.

Artists with work they wish to exhibit should send their pieces to room 208-209 Union Building not later than Saturday, August 9. The title of the painting and the name and address of the artist should be plainly written on the back of each painting submitted, and eye screws and wire should be attached to the work for hanging. The price should also be given if the piece is for sale.

Every care will be taken to prevent damage to the paintings, and a representative of the society will be in attendance during the exhibition. Those who are unable to bring their exhibits to the rooms should phone J. S. McMillan at 1470.

In 1902 there were 245 companies making steam and electric automobiles. To-day there are less than fifty makes of all cars manufactured in this country, and they are nearly all gasoline driven.

During the middle ages the word "engineer" was used as the title for the military officer who planned campaigns or laid out works of defense.

John Barrymore And Wife Visit Seattle

Seattle, July 4.—Screenland's most famous father and mother were unheralded Seattle visitors yesterday. John Barrymore and his wife, Dolores Costello, his wife, left after a few hours to continue their journey to Vancouver, B.C. Only after they had departed was their visit revealed by friends at the Olympic Hotel. A girl who said she recognized Mrs. Barrymore in the hotel lobby remarked that the film star has gained weight since the birth of her second child, Dolores Elnor Barrymore, but that she still appeared as beautiful as when seen on the silver sheet.

COURTENAY WON FIRE CONTEST AT ALBERNI

Special to The Times
Courtenay, July 4.—Courtenay firefighters won by the narrow margin of one second in the finals at the contests held in Alberni on Tuesday.

Four teams were entered: Courtenay, Cumberland, Alberni and Duncan. Two tests were run, a hose-breaking test and a short test.

The times were: Courtenay, forty-one seconds; Alberni, forty-five seconds; Cumberland, forty-seven and one-half seconds; and Duncan, forty-eight and one-half seconds.

JILL SATISFIED WITH NEW HOUSE

**London Produces House That
Will Meet Needs of Middle
Class**

London, July 4.—"The House That Jill Built," is one of the most interesting of the exhibits in The Daily Mail Ideal Home Exhibition, which is this year the largest and most lavish of the famous series housed in Olympia. Jill is every woman, and her house is the winning design in a competition of a house which could be built and equipped for \$7,500, organized by The London Daily Mail.

Jill's house is a small house, for people of middle class. The usual two rooms—dining and drawing rooms—are thrown into one, with windows at either end and a fire in the centre, although there is central heating—use of blazing coals. There is a recess to eat in with seats let in under one of the windows. Communication with the kitchen is quick and easy, and the kitchen itself is a comfortable workshop; the ladder has wire shelves and a refrigerator, rubber covers the kitchen floor, the stairs the landing, bathroom and the nursery floor.

The roof is flat, so that there is no waste space above the bedrooms, but there is, besides three bedrooms, a sleeping porch open to the south which may alternately be used as a playground for children. The whole design is full of labor-saving devices.

MOVIE ACTRESS IN DAMAGE SUIT

**Marion Davies Accused of
Pirating "The Florodora
Girl"**

Los Angeles, July 4.—A \$350,000 damage suit was filed in Federal Court here yesterday against Marion Davies, Metro-Goldwyn-Mayer Corporation and others on a charge of pirating "The Florodora Girl." The plaintiffs are Wm. G. Curtis and Walter Westmoreland, executors of the estate of Leslie Stuart, writer and composer of the musical comedy "Florodora," who died in London March 27, 1928.

John Barrymore And Wife Visit Seattle

Seattle, July 4.—Screenland's most famous father and mother were unheralded Seattle visitors yesterday. John Barrymore and his wife, Dolores Costello, his wife, left after a few hours to continue their journey to Vancouver, B.C. Helen Moody Wins Her Fourth Successive British Tennis Title

THE SPORTS MIRROR

THE PERFECT record of the Washington Senators and the clouting of the New York Yankees stood out last week in seven days of amazing and sometimes outrageous baseball performances. The Senators won every one of their eight games, scoring 72 runs to 36 for their opponents, but had to be content with second place to the Yankees in the scoring and hitting figures.

New York made 140 hits in ten games, winning seven of the contests for second place in the American League, and scored 96 runs. Fifteen of their tallies came by the home run route. The Senators were second in league hitting with 165 hits, and led in defensive base ball.

Philadelphia took third place in the weekly standing with six victories and three defeats, while Boston came in next with four games won and as many lost. Cleveland, finishing seventh, committed the league outages by making twenty-three errors in nine games, and allowing its opponents to score 41 runs. Only one American League club, Chicago, made fewer than ten errors. The White Sox got by with eight.

The National League with the champion Chicago Cubs showing the way, was slightly more orthodox in its performance. The Cubs won five games and lost two, beating out Cincinnati which won four and lost two, and Pittsburgh, which scored five victories in eight games. The Phillies were the big losers of both leagues, winning only one game out of ten.

These same Philadelphia Nationals, however, led their league in hitting with 100 blows, and were second only to the Yankees in runs scored, 45 runs on all these hits, while allowing their rivals 39, and committed 18 errors. All the other National League clubs were below the ten error mark, the Boston Red Sox committing but one.

The St. Louis Cardinals, second in hitting with a 91 total, led the scorers with 53 runs, noosing out Chicago by one tally. The Cards also led the league in hitting home runs with eight. Cincinnati was the star defensive team of the league, holding its opponents to 23 runs while Brooklyn also did well, in allowing only 29 runners to its opponents.

Dick Dunn, Detroit matchmaker, telegraphed an offer of \$200,000 for Max Schmeling to meet Johnny Riske on any day, adding that Danny Dunn, manager of the boxer, had accepted terms. Bet Joe Jacobs thinks they're trying to invite him to a Dunn family reunion.

Joe could reply to that one, "Thanks, old dear, but it isn't being Dunn."

The first four places in the British open championship were won by Americans, Jones, Diegel and the two Smiths, Mac and Horton. Diegel must have felt like common folks up there among the Joneses and Smiths.

As a result of the battles in Britain, the first four favorites for the U.S. Open at Interlachen July 10 are young fellows named Jones.

Max Schmeling has been declared champion by the New York Athletic Commission. Referee Jim Crowley now can feel perfectly safe in giving him the fight on a foul.

In the fourth round Crowley asked Judge Harold Barnes four times if he really saw a foul administered. Each time Barnes emphatically responded "Yes." It finally dawned on Crowley that Judge Harold Barnes probably believed Sharkey had delivered a foul.

Now Sharkey offers Max everything but his Boston home for a return bout, and Schmeling asks for time to talk it over. It often takes a whole year to talk over such a subject as that.

The next thing in order is a Schmeling-Scott affair. It would be interesting to learn whether Joe Jacobs or Jimmy Johnson is the champion claimer of foul.

In some quarters there is a demand that Gene Tunney return to the ring and retrieve the crown. How about a fight between Jeffries and Corbett to determine who will meet Jack Dempsey for the honor of battling Tunney to see who shall be next to take on the Schlager?

It's too bad Golligors didn't have Joe Jacobs in his corner.

And say, maybe Julius Caesar still should be emperor of Rome!

A BRAND NEW DEPARTMENT STARTS IN THIS SPACE TOMORROW!

Great U.S. Player Defeats Miss Ryan In Straight Sets

Veteran Campaigner No Match for World's Champion and Goes Down 6-2, 6-2 at Wimbledon To-day; Johnny Van Ryn and Wilmer Allison Assure All-U.S. Doubles Final by Victory Over C. Gregory and I. G. Collins, Veteran British Team; Two U. S. Teams in Final of Women's Doubles.

Wimbledon, Eng., July 4.—Mrs. Helen Wills Moody won the British women's singles championship to-day for the fourth successive year, defeating Miss Elizabeth Ryan of London in the final by scores of 6-2, 6-2.

Wilmer Allison and John Van Ryn joined another U.S. doubles team in the final for the men's championship to-day by defeating J. Colin Gregory and Ian G. Collins, old British rivals, in the semi-final round, 4-6, 7-5, 6-3, 6-3.

ELKS HOPE TO CHECK IN WITH VICTORY

Senior Ball Leaders Confident of Scoring Fourth Win Over Jokers To-night

Youngster May Twirl For Elks; Washington Nine Will Play Here To-morrow

With three victories in four games over last year's champions, the Elks, leaders of the Senior Amateur Baseball League, are figuring on scoring another win over the Jokers at the Royal Athletic Park to-night. The game will start at 6.15 o'clock, and a good crowd is looked for, as these two clubs always put up a good fight.

Teddy Colgate, seventeen-year-old youngster and latest addition to the pitching staff of the Elks, or "Big Jim" Robinson, will do the pitching for the antlered tribe, while Stickers or Holden will work for the Jokers.

ELKS NEED GAME
The Elks need a victory to-night in order to keep out in front in the league race. Should they lose a tie between them and the Sons of Canada for first place will result.

To-morrow at the Royal Athletic Park a combined Jokers-Eagles nine will meet the touring Schaefer Logging Company nine of Washington, in a twin bill. The games will commence at 2.45 and 6.15 o'clock.

The U.S. team is starting from Victoria on a tour of the island, with games scheduled at Duncan, Chemainus, Nanaimo, Port Alberni and Courtenay.

MINIATURE COURSE TO BE OPENED

Play Will Commence To-morrow Over Newly Constructed 18-Hole Course

Every Hole Will Be Played With Putter; Numerous Hazards Have Been Built

Formal opening of the eighteen-hole miniature golf course, located at the corner of Belleville and Douglas streets, will take place to-morrow, according to an announcement to-day by Col. H. T. Goodland and G. G. Merrick of the Pacific Golf Courses Limited, who have constructed the new course.

The entire course is now ready for play, although a little work remains to be done on some of the holes. But this will not hamper the players.

Every hole will be played with a putter with about fifty feet separating each hole. Numerous hazards have been built to hamper the players, while trick shots will be necessary in some cases if the players expect to snare a "hole-in-one."

INSTANT LIGHTS
Lights are being installed so that it will be possible to play over the course in the evening. The course will open early in the day and will remain open as long as patronage warrants.

A clubhouse has been constructed and putters and balls will be available, while refreshments will be served. Players may use their own putters if they so desire.

These miniature courses are proving very popular in the United States as a means of amusement.

Miracles of Sport

DOCK CROWLEY
Lost a running shoe as he started the second section of Lakeview two mile relay, and ran his half mile at top speed although the sharp cinder cut the skin from his bare right foot.

SCHOOL-BOY "GAMESTERS"

JOHNNY DILLARD
Age 20, is the star pitcher of Esquimalt Prep School. He pitches winning ball and is a scoring batter. Although he is only 17 years old, he has been pitching for seven years ago.

CHUCK JONES
Of Collingwood High School vaulted with a broken bone in one foot and a sprain in the other, until he landed on one of the standards and sprained his ankle.

GOOD PRICES ORDER OF DAY AT LANSLOWNE

Athelrain With Craigmyle Aboard Wins Sixth Race to Return Longest Odds

Extension in Thrilling Finish to Beat Lady Goldstream in Feature Event

Vancouver, July 4.—Extension, four-year-old gelding, owned by the Emerald Stable, won the Marcus Handicap, feature event on yesterday afternoon's card at Lansdowne Park, getting the call by a neck over Lady Goldstream, odds-on favorite, who was given place by a head over Yorkhorse, second choice. The finish was one of the most thrilling of the day.

Extension coming down the stretch from fifth place to fight it out with the other two. The winner paid \$16.50 on the nose.

Double figures were again the rule for winning horses in most of the events. Results follow:

First race.—Claiming, purse \$500, three-year-olds and older, five furlongs: 1, Jean Catherine, \$4.65, \$3.45, \$2.10; 2, Oregon Mist, \$4.65, \$3.40, \$2.10; 3, Ollie B., \$4.65, \$3.40, \$2.10.

Second race.—Claiming, purse \$500, three-year-olds and older, five furlongs: 1, Another Deck, \$10.45, \$4.80, \$2.55; 2, Dixie Star, \$4.65, \$3.40, \$2.10; 3, Norton, \$4.65, \$3.40, \$2.10.

Third race.—Claiming, purse \$500, three-year-olds and older, six furlongs: 1, Oregon Rose, \$16.95, \$8.30, \$4.65; 2, Bull Run, \$7.55, \$4.65, \$2.10; 3, Norton, \$4.65, \$3.40, \$2.10.

Fourth race.—Claiming, purse \$500, four-year-olds and up, mile and one-sixteenth: 1, Ginger Fyle, \$4.65, \$3.40, \$2.10; 2, Proclaimers, \$12.55, \$5.75, \$3.20; 3, Sweet Money, \$5.90, \$3.40, \$2.10.

Fifth race.—Marcus Handicap, purse \$700, Western Canadian three-year-olds and up, six furlongs: 1, Extension, \$19.50, \$4.55, \$2.10; 2, Lady Goldstream, \$2.45, \$2.05; 3, Yorkhorse, \$2.05, \$1.15, \$1.45.

Sixth race.—Claiming, purse \$500, three-year-olds and up, mile and seventy yards: 1, Athelrain, \$16.95, \$8.30, \$4.65; 2, Macusha II, \$7.25, \$5.05; 3, War Salam, \$5.05, \$2.10, \$1.45.

Seventh race.—Claiming, purse \$500, four-year-olds and up, mile and one-sixteenth: 1, Met Boy, \$7.50, \$4.65, \$2.10; 2, Skipper, \$5.95, \$3.40, \$2.10; 3, Sepodilla, \$4.40, \$2.10, \$1.45.

"Old Wooden Face" At Beacon Hill Saturday

Third of Contests For Bay Pitches Will Be Conducted To-morrow

The great war ended in 1918 but the declaration of peace seems nothing but a farce to battle-scarred "Old Wooden Face" who will face the foe to-morrow morning for the third Saturday in a row.

After each week's ordeal, the worthy gentleman is getting just a wee bit more weary in his joints and a trifle short in temper.

And well he might. First the boys who make Central Park their headquarters had a fling at him. Then the youngsters of Victoria West subjected him to a terrific bombardment of baseballs.

Now he is up to bat for the third time in a row with two foul strikes to his credit.

TRY YOUR SKILL.
To-morrow morning at 9.30 o'clock "Old Wooden Face" will be stationed at Beacon Hill and

all the boys in the neighborhood are invited to try their pitching skill at his expense.

The competition, inaugurated by The Victoria Daily Times, is divided into two classes. The senior division for boys of eighteen and under is conducted from a range of fifty feet. Nine baseballs are given to each contestant who attempts to score a strike by flinging the ball through an aperture in "Old Wooden Face" of the same size and shape as a regular baseball plate. The junior class observes the same conditions except that the boys of fifteen and under fire from forty feet instead of fifty.

THREE IN NINE STILL STANDS
At present the record for both classes is three strikes in nine balls. This score has been handed in by at least half a dozen young pitchers in each division, either at Victoria West Park or at Central Park. But nobody has, as yet, hit the target four times, and many oldtimers are willing to wager that whoever succeeds in doing so will capture the prize.

The boys of Beacon Hill had better get their arms in shape to-night and put in an appearance to-morrow at Beacon Hill Park at 9.30. "Old Wooden Face" will be on hand, attended by his mentors and a plentiful supply of balls.

ALL SET—PLAY BALL!

LOCAL JUNIORS TO VISIT KELOWNA FOR TENNIS PLAY

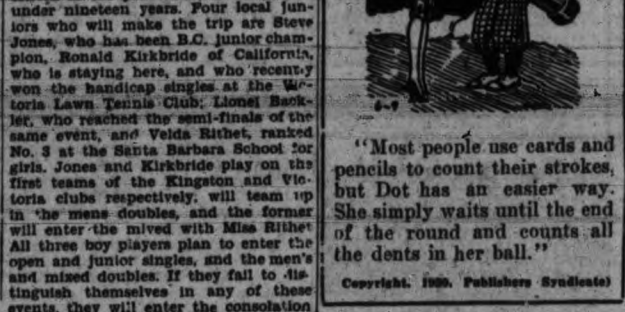

Jones, Kirkbride, Backler and Velda Rithet Will Play in Interior Championships

Several local players will leave for Kelowna during the next few days to play in the interior of British Columbia tennis championships. Because of other tournaments whose dates conflict with the dates of this tournament, which commences on Monday and continues till the following Saturday, many of the local players, especially among the women, will not make the trip.

Hope Leeming, Mona Miller, and others who usually attend, will be absentees this year.

This day will be strongly represented in the junior events for players under sixteen years. Four local juniors who will make the trip are Steve Jones, who has been B.C. junior champion, Ronald Kirkbride of California, who is staying here, and who recently won the handicap singles at the Victoria Lawn Tennis Club; Lionel Backler, who reached the semi-finals of the same event, and Velda Rithet, ranked No. 3 at the Santa Barbara School for girls. Jones and Kirkbride play on the first team of the Kingston and Victoria clubs respectively, while the former will enter the mixed with Miss Rithet. All three boys players plan to enter the open and junior singles, and the men's and mixed doubles. If they fail to distinguish themselves in any of these events, they will enter the consolation

McDUFFER
OF THE MISSAUFITA GOLF CLUB
By Horrie Farnes

"Most people use cards and pencils to count their strokes, but Dot has an easier way. She simply waits until the end of the round and counts all the dents in her ball."

Babe Ruth Plays Despite Injuries But Yankees Lose

New York Club Drops 5 to 4 Decision to League-leading Philadelphia Athletics; Yankees Will Now Open Series With Third-place Washington Club; Boston Makes It Three Out of Four From Pittsburgh in Only National League Game Yesterday; Eastern Clubs Complete Western Invasion.

Spurning injuries, Babe Ruth stepped into the Yankees' lineup yesterday but could not save his mates from defeat at the hands of the league-leading Philadelphia Athletics, 5 to 4. Until rain interrupted play for almost an hour, New York was ahead, but after a shower Philadelphia jumped ahead.

The Yankees go on to Washington, three and a half games behind the A's and one and a half back of the second-place Senators.

BOWLERS WILL COMPETE FOR PEACE TROPHY

Vancouver Island Singles Championship Draws Record List of Entries

Preliminary Round Will Be Played To-night at Victoria Club Greens

In quest of the coveted Peace Cup, emblematic of the Vancouver Island singles championship, lawn bowlers from Victoria, Duncan and Nanaimo will start play to-night at the greens of the Victoria Lawn Bowling Club. To-night the preliminary round will be staged with the competition proper starting at 9 o'clock to-morrow morning.

Ninety entries have been received from local and up-land clubs, and some great competition is expected before the champion is named. Each game will be fifteen ends including the final.

The Peace Cup competition was inaugurated in 1919 when the trophy was won by Alex McCosh of the Victoria Lawn Bowling Club. Last year it was won by Peter Johnston of the Burnside Lawn Bowling Club, who will defend his honors. The tournament is played every year on the Victoria Bowling Club's greens.

Consolation doubles will be arranged for the defeated players up to the end of the second round. Games pitched will be ruled by a wild third to third by Orwell, which permitted Moops to bring in the winning run.

THE DRAW
The draw for the preliminary and first rounds follows:

PRELIMINARY ROUND
E. G. Sherwood vs. A. V. Lane.
G. Vallance, Bur. vs. J. W. Mercer, Bur.
W. W. Davidson, Bur. vs. A. Macatlay, Bur.
J. S. Stewart vs. R. G. Gillman, Nan.
C. Jenkins, C.P.R. vs. A. Findlay, Bur.
P. Ormiston vs. W. Leal, Bur.

AMERICAN LEAGUE
Philadelphia, July 4.—The Athletics bunched all their five hits off Henry Johnson in two innings and defeated the New York Yankees yesterday, 5 to 4. The game was interrupted after the fifth inning by rain.

R. H. E. New York 4 9 2
Philadelphia 5 5 1
Batteries—Johnson and Hargrave; Walbridge, Quinn and Cochran; and seven losses on their western trek, but the Braves were close behind with seven wins and eight defeats.

NATIONAL LEAGUE
Pittsburgh, July 4.—Bob Smith, Boston right-hander, was in fine form yesterday, and his pitching enabled the Braves to take the final game from the Pirates, 8 to 0. Smith did not allow a hit until the sixth inning and then Pittsburgh could get only four singles, spread through four innings.

R. H. E. Boston 8 3 1
Pittsburgh 0 4 4
Batteries—Smith and Cronin; Spencer, Chagnon and Hensley. Only National League game.

COAST LEAGUE
San Francisco, July 4.—Sacramento's Senators pounded the ball all over yesterday to win a 21-8 game from San Francisco's Mission. Every man on the Sacramento team got at least one hit, with Vince annexing three. Baker led the parade with five out of six, including two home runs.

R. H. E. Sacramento 21 22 5
Mission 8 11 8
Batteries—Vince and Wirtz; T. Pillette, Douglas, De Hoog, Nelson and Hoffman.

Portland, July 4.—The Angels made it three straight from Portland by winning yesterday's game in the twelfth inning, 4 to 3. Lefty Ortman's fine pitching was ruined by a wild throw to third by Orwell, which permitted Moops to bring in the winning run.

R. H. E. Los Angeles 4 10 1
Portland 3 14 1
(Twelve innings).
Batteries—Horne and Hannah; Ortman and Palm.

Seattle, July 4.—John Miljus, San Francisco twirler, was stung with hits for his former clubmates, the Indians, here yesterday and helped to win his own ball game, 3 to 0, by knocking in a brace of runs in the second inning.

R. H. E. San Francisco 3 11 0
Seattle 3 6 1
Batteries—Miljus and Gaston; Hubbell, Hansen and Borreani.

Los Angeles, July 3.—Dave Barbee poled out a homer in the fifth inning with the bases full, and Hollywood walked away with its tenth straight victory, and the third in a row, over Oakland yesterday, 9 to 1. The game also put the Stars in a third-place tie with the Acoms.

R. H. E. Oakland 1 7 0
Hollywood 9 11 0
Batteries—Hurst and Reed; Turner and Baader.

INTERNATIONAL LEAGUE
Baltimore 9, Reading 1.
Jersey City 10, Newark 9.
Rochester 10, Toronto 1.

Summer Meeting At Agua Caliente Commences To-day

Agua Caliente, Mexico, July 4.—The gates of the Agua Caliente Race Course will swing open to-day for the opening of the first summer meeting at the border town in fourteen years. The programme, sponsored by the Agua Caliente Jockey Club, calls for fifty-two days of racing and will close on Labor Day.

The feature of the holiday card are the Independence Day Handicap at six furlongs. Ten of the best thoroughbreds stabled at the track have been named to start in this sprint.

Famous Lipton Yachting Cup Returns To United States

Ted Geary Sails Sir Tom To Victory In Deciding Race

Famous Seattle Sloop Wins Second Consecutive Race and Regains Cup Lost Last Year for First Time in Fourteen Years; Beats Lady Van of Vancouver by Minute and Forty-nine Seconds in Final Race; Geary Gets Big Hand; Women's Races Are Feature.

After a year's absence the famous Lipton Cup, emblematic of the Class "R" championship of the Pacific International Yachting Association, will return to the trophy chest of Ted Geary of the Seattle Yacht Club. Yesterday afternoon Geary, sailing the famous sloop Sir Tom, won the third and deciding race of the series in the fourth day of the association's annual regatta staged over a course off Gordon Head.

JOHN FREBERG MEETS KRUSE

Portland Wrestler Will Be Up Against Tough Opponent Here To-morrow

Can John Freberg, Swedish grappling champion, put a halt to the winning streak of Bob Kruse, Portland? That's the question being asked to-day on the eve of to-morrow night's battle. Freberg, who is making his debut in a local rink, has defeated a lot of the top-notchers, and is favored in some circles to defeat the fast working Portlander. However, such a task is one that many other good men have set out to accomplish, only to find that Kruse is tough.

The Portlander is known to be plenty tough, while reports received here are to the effect that Freberg is a mean handful for any man, and has also a good knowledge of the rough tactics of the game.

Promoter Richardson is again having 100 fair sex fans as his guests by allowing the first purchasers of reserved seats to take a lady along with them free of charge.

JUNIOR GOLF STARS PLAY

First Half of Victoria Club Championship Will Be Played To-morrow

Junior golfers of the Victoria Golf Club will start play to-morrow in the first half of the annual junior championship. Fourteen boys and girls have entered the event and keen competition is expected.

Desmond Barrett, who won the championship last year, will defend his honor.

The draw and starting times follow:

9.05 a.m.—Desmond Barrett and Ian Drum.
9.15 a.m.—Jack Todd and Wilson Pangman.
9.30 a.m.—Peter Parry and Brice Evans.
9.45 a.m.—David Philbrick and Carlton Allen.
9.55 a.m.—Bob Driscoll and Ken Stevens.

OLD COUNTRY CRICKET

London, July 4.—Clarence Grimmett, noted Australian bowler, was in his element in a cricket match against Yorkshire yesterday. The wicket was wet and he dismissed six Yorkshire batsmen for 73 runs.

Second day scores in English cricket matches were:

M.C.C. 180, Cambridge 428 (Killick 182).
Essex 145 and 313, Somerset 84.
Surrey 316 and 114 for one wicket.
Derby 218 (Jackson 91).
Gloucester 378, Sussex 142, followed on, 109 for four wickets.
Nottingham 511 for eight wickets, declared.
Hants 338 for six wickets (Meed 143, Lord Tennyson 97).
Worcester 374, Lancashire 236 for five wickets.
Glamorgan 348 for six wickets, declared.
Northants 236.
Oxford 479, Levenson-Gower's XI 298, followed on, 104 for two wickets.
Australia 302, Yorkshire 146 and 119 for eight wickets.

Rose Street Nine Win Opening Game In Junior Baseball

In the first game of the newly-organized Junior Baseball League the Rose Street nine defeated the Nippons 14-4 at Beacon Hill yesterday evening. The next game will be played on Tuesday night with the Nippons meeting the Cubs at Beacon Hill.

ROXER RECOVERS FROM INJURY TO HEAD IN FIGHT

Cleveland, O., July 4.—Sergeant Sammy Baker, New York welterweight, was released yesterday from the hospital here, where he was taken after suffering head injuries in a two-round bout with Baby Joe Gans of California here Wednesday evening.

GUEST AND GERMAN TO CONTEST FINAL FOR DIAMOND SCULLS

(Continued From Page 1)

The lead was increased to two and a half at the three-quarter mile post and guest was working along at a steady and effective twenty-six near the mile post. Collett worked up to thirty-two strokes but he was unable to make an impression on his rival's lead, which was four lengths here.

Collett began to tire along the enclosure and, sculling in beautiful form, the Canadian passed the winning post ten to twelve lengths in the lead.

For those who have followed the Diamond Sculls competition for years, the contest between Guest and Collett should be a choice tit-bit. Both men are noted for the evenness of their style and the equality of their temperament. Both extract from every stroke almost the utmost in effect.

In view of his Henley record and his winning of the day, Guest is favored to win the great event, although his opponent, Collett, was by no means the equal of Wright, the man Boatmen had to vanquish.

If the German wins to-morrow it will be the second year in succession a European has taken the Diamond Sculls. L. Gunther of Holland won last year, and at the time of his victory he said: "I'll come back next year if I'm not married." But Gunther married and Henley say him no more.

On the other hand, if Guest wins for Canada, it will be the third time in the sixty-year history of the competition that the Diamond Sculls will go to Canada. Lou Scholes of Toronto won the sculling classic in 1904 in 8 minutes 23 seconds, which was not far behind the brilliant record of 8 minutes 19 seconds set by Kelly of the Leander Rowing Club. Wright's win in 1928 was the second time the Dominion took the honors.

Guest has for three years been regarded as one of the leading "threats" by the English followers of the Diamond Sculls. In 1928 he reached the semi-finals to be eliminated by Wright. In the semi-finals in a close and hard-fought match, Wright's victory over Guest in 1929 was a much harder one than his victory of the previous year, and in the Canadian Henley last year Guest went a long way toward evening up the score when he surprised the followers of sculldom by beating "Young Joe."

IN BETTER CONDITION

The Guest of 1930 has been Guest

SECRETARY'S TEAM WINNER

Scores 7 to 6 Victory Over Captain's Side in Women's Match at Oak Bay Club

The secretary's team eked out a hard-fought 7 to 6 win over the captain's side in the annual golf match between the women members of the Oak Bay Club yesterday. Mrs. Philbrick scored over her old rival, Mrs. Hutchinson, in the feature match of the day.

The scores with the captain's players mentioned first in each case:

Yester-day: Mrs. Hutchinson 0, Mrs. Armstrong 0, Mrs. K. C. Allen 1, Mrs. Watson 1, Miss Carey 0, Miss M. Miller 0, Miss Benson 1, Miss Spencer 0, Mrs. Hedley 1, Mrs. King 3, Mrs. Barber-Starkey 1, Mrs. A. Scott 1, Mrs. Peachey 0, Mrs. Fitz-Gibbon 1, Mrs. Howard 0, Miss Boyd 0, Mrs. Gray 0, Mrs. Prior 0, Mrs. Pangman 1, Miss Hogg 1, Mrs. McIntosh 0.

In even better condition, and a man of more experience than the Guest of the other competitions, his practice rows have been admired by all the experts, and singularly enough, he has almost consistently been favored by the weatherman.

Guest was favored, too, by this year's draw. He drew a bye in the first heat. Yesterday he easily defeated his first opponent, Edwards of Christ Church College, Cambridge, although Edwards' score lifted his mark one point to 297.

Mickey Cochrane, with two hits, times at bat, dropped from the lead to tie with Chuck Klein, while the idle Frank O'Doul assumed first place at 401.

Cochrane lost four points. Babe Ruth, playing despite Wednesday's painful injury, dropped three points to 378. He also had two times at bat. Paul Waner made four fruitless attempts to hit and lost six points. The standings:

O. A. B. R. H. E. P.	
O'Doul, Phillies	59 232 49 93 491
Klein, Phillies	42 288 64 103 399
Cochrane, Athletics	48 186 43 79 399
Simmons, Athletics	63 232 64 83 391
P. Waner, Pirates	60 236 48 88 383
Ruth, Yankees	70 243 58 91 378

OUR MAIL BAG

LETTER OF THANKS

To the Sports Editor:—May I on behalf of the B.V.I. Lacrosse Association express our sincere thanks for the many courtesies and notices we have received from you and your valuable paper without which we could not have met with the success we had.

If we had not been so unfortunate enough to be without the services of one of our best men, including our fast centre player, the result might have been different.

We hope to have them out for the next game.

It is worthy of notice that we had three of the best of our ex-Canadian champions present in A. McGregor, M. Simpson as timekeepers, and C. Brynjolfsson as referee.

A practice is called for Sunday morning at 10:30 o'clock at the Royal Athletic Park.

All interested are cordially invited to attend.

LEONARD TAIT, Pres.

WILL REACH NET FINALS

Deciding Matches in Hillcrest Tennis Championships Are Carded To-morrow

Miss Elkington defeated Miss Marconni in three sets, 6-3, 5-7, 6-2, yesterday, to advance to the semi-final round of the women's singles in the Hillcrest Club tennis championships. In the series she will play Mrs. Monckton, favored by many to take the honors in this division. Miss Elkington was hitting her ground strokes with nice length and the few times that she did advance to the net made no mistake with her volleying.

In the mixed doubles quarter final Miss Topp and Mulcahy eliminated Miss Wynn and Stan Wright by scores of 6-4, 6-3. In this match, baseline play prevailed, with the hard-hit drives of Mulcahy being the deciding factor. Finalists in every division, except the men's singles, will be decided to-day, with the finals to-morrow. The semi-finals and finals of the men's singles will be played to-morrow.

Yesterday's results and to-day's draw follow:

Women's Singles

Miss Elkington defeated Miss Marconni, 6-3, 5-7, 6-2.

Mixed Doubles

Miss Topp and Mulcahy defeated Miss Wilson and Wright, 6-4, 6-3.

TO-DAY'S DRAW

5.15 p.m.—Mrs. Monckton and Mrs. Forst vs. Miss Topp and Miss Tindall.

6.00 p.m.—Peers vs. Schroeder, Mrs. Monckton vs. Miss Topp.

7.00 p.m.—Miss Dunn and Miss Marconni vs. Miss Grant and Mrs. Simpson, Miss Mulcahy and Schroeder vs. Miss Weeks and Butler.

WILL DECIDE POLO HONORS

Vancouver and Kamloops Play Next Wednesday For B.C. Championship

Vancouver, July 4.—The polo championship of British Columbia will be decided next Wednesday afternoon at Brighouse, when a match will be played between teams representing Vancouver and Kamloops Polo Clubs. The game will commence promptly at 3 o'clock.

The cup is at present held by Vancouver, but Kamloops will make a strong bid for it this year. Captained by F. Ward of Douglas Lake, their team will be made up of K. Leing, G. Kinloch and M. Talbot, with A. C. as spare man. All experienced players of the hard riding type.

The selection committee of the Vancouver club has also definitely selected seven. Several of the older and more experienced players are out of the game this year, but the team will eventually be chosen from the following: G. R. Chaplin (captain), E. W. Hamber, C. Wallace, A. E. Austin, C. Willis and L. Hanbury. But if the Kamloops players have the edge on the Vancouver players in the master of experience of the game, it is expected that the Vancouver players will even up matters, not only in experience but also in condition.

The bats of the Big Six were mostly still yesterday as only four members took part in the day's two games. The only hit of the Big Six day, a double, was made by Al Simmons and he registered the only gain in the batting averages. Going to bat twice, Simmons lifted his mark one point to 297.

Mickey Cochrane, with two hits, times at bat, dropped from the lead to tie with Chuck Klein, while the idle Frank O'Doul assumed first place at 401.

Cochrane lost four points. Babe Ruth, playing despite Wednesday's painful injury, dropped three points to 378. He also had two times at bat. Paul Waner made four fruitless attempts to hit and lost six points. The standings:

O. A. B. R. H. E. P.	
O'Doul, Phillies	59 232 49 93 491
Klein, Phillies	42 288 64 103 399
Cochrane, Athletics	48 186 43 79 399
Simmons, Athletics	63 232 64 83 391
P. Waner, Pirates	60 236 48 88 383
Ruth, Yankees	70 243 58 91 378

OUR MAIL BAG

LETTER OF THANKS

To the Sports Editor:—May I on behalf of the B.V.I. Lacrosse Association express our sincere thanks for the many courtesies and notices we have received from you and your valuable paper without which we could not have met with the success we had.

If we had not been so unfortunate enough to be without the services of one of our best men, including our fast centre player, the result might have been different.

We hope to have them out for the next game.

It is worthy of notice that we had three of the best of our ex-Canadian champions present in A. McGregor, M. Simpson as timekeepers, and C. Brynjolfsson as referee.

A practice is called for Sunday morning at 10:30 o'clock at the Royal Athletic Park.

All interested are cordially invited to attend.

LEONARD TAIT, Pres.

Sam Drake Sinks "Hole-in-one" At Colwood Course

While playing at the Colwood Golf Club Wednesday, Sam Drake had the honor of joining the "Hole-in-one Club." At the fourth hole which is played over a lake, Drake sank his tee shot. He was playing with Mrs. Drake at the time, while the feat was also witnessed by a greenkeeper.

NEWSPAPER NINES TAKE BEATING

Moore and Whittington and the Jokers Maintain First Place Deadlock With Wins

It was a bleak evening for the newspaper squads yesterday in the Westholme League softball fixtures. While The Times were being shut out 6-0 by Moore and Whittington, Jokers were shelling the morning paper nine to the tune of 18-1. By their wins the lumbermen and the Jokers are still deadlocked for first place in the second half standing, with the remaining four teams strung out well in the rear. In the third game played, Y.M.C.A. downed the Colwood Co. 12-4, and strengthened their hold on third place.

The Times still have a chance to win by winning their game to-night against the Colwood nine at Victoria West Park. The teams battled to a tie earlier in the year and both squads will be out to break the deadlock. Jack Peacock and Laurie Wooster will call the balls and strikes.

On Sunday morning The Colonist nine will travel to Duncan to tangle with the Cecil Cafe squad, while the Jokers are journeying to Nanaimo to play the Automotives.

HORSE RACING

Arlington Park, July 4.—Results of horse racing here yesterday follow:

First race.—Five and one-half furlongs: 1, Good Jest, \$11.40, \$7.20, \$3.40; 2, Brown Hills, \$6.80, \$3.60; 3, Voltabush, \$2.20. Time, 1:08 4-5.

Second race.—Two miles: 1, Silver Jay, \$3.40, \$2.20, \$2.30; 2, Woody, \$6.40, \$3.20, \$3.40; 3, Astronomy, \$2.20. Time, 4:10 1-5.

Third race.—One mile: 1, Come On, \$52, \$17, \$9; 2, Mr. Deluxe, \$4, \$3; 3, Stop Gap, \$4.20. Time, 1:32 1-5.

Fourth race.—Five furlongs: 1, Risque, \$4.50, \$2.80, \$2.40; 2, Aunt Deb, \$2, \$3.20, \$2.40; 3, Canflit, \$2.20. Time, 1:27 2-5.

Fifth race.—Six furlongs: 1, French Lass, \$45.20, \$12.40, \$11.40; 2, Flightline, \$2.20, \$2.20; 3, Equitation, \$3. Time, 1:12 1-5.

Sixth race.—One mile: 1, Conclave, \$13.80, \$6.40, \$3.60; 2, Gracious Gift, \$3.40, \$3.40; 3, Cogair, \$2.20. Time, 1:37 2-5.

Seventh race.—Mile and one-eighth: 1, Sweet Mandy, \$6.40, \$4, \$3.20; 2, Devon, \$4.50, \$2.80; 3, Fairy Maiden, \$2.20. Time, 1:51.

Eighth race.—Mile and one-eighth: 1, Sweet Mandy, \$6.40, \$4, \$3.20; 2, Devon, \$4.50, \$2.80; 3, Fairy Maiden, \$2.20. Time, 1:52.

FORDS SCORE SEVENTH WIN

Defeat Dodges 15-7 to Strengthen Position at Top of Garage League

Fords made it seven in a row when they conquered Dodges 15-7 yesterday evening at the Royal Athletic Park in a Garage League baseball fixture. They now lead the second place, Buicks by three and a half games, and seem certain to capture their second straight pennant. The game only went six innings.

Doc Todd relieved the veteran Frank Moore on the mound for the winners after the latter had weakened, and allowed the Dodges six runs in the second and third frames. Doc held the opposition in the hollow of his hand for the remainder of the game. Ed Miles went the route for the Dodges and was hit freely throughout.

The score by innings:

Fords 4 1 2 3 2—15
Dodges 0 3 0 1 0—7
Batteries:—Todd and Williams; Miles and Wilkinson.

Local Fighters Engage in Bouts At Port Angeles

Three Victoria fighters, Will, Shoultice, Henry Woodford and Davis Barr, engaged in bouts at Port Angeles yesterday. Shoultice lost a close decision in four rounds to Oscar Penn of Tacoma, while Woodford and Barr drew in four round bouts with Billy Chalk and Lloyd Raymond, respectively.

Duncan, July 4.—Bagging one kitten alive and another dead on Wednesday last brought the total cougar haul of Lee Berrow, Duncan, and Harry Brown, Lake Cowichan, to six in eight days, quite a creditable achievement for the hunters and the bloodhounds which they use. The hunting was done in the Sooke Hills and they came across a great many deer carcasses, mute testimony to the ravages of the "big cats."

NEWS IN BRIEF

A meeting of the city zoning committee, who held this afternoon at the City Hall to discuss several applications for reclassifications.

Magistrate Jay this morning dismissed a charge against George Mowat of soliciting for hire in a sightseeing vehicle in other than a designated area.

The Victoria Girls' Band will hold one of its regular weekly concerts at the Central Park on Sunday afternoon from 3 to 5 o'clock, under the direction of Bandmaster Arthur Hodgkins.

To represent the Department of Agriculture of British Columbia at the International Horticultural and Botanical Congress, W. H. Robertson, Provincial Horticulturist, will shortly leave for London, England.

Professor E. A. Lloyd, head of the poultry department of the College of Agriculture, University of British Columbia, is to read a paper before the World's Poultry Congress being held in London the last week in July.

A charge against Patrick Foley of creating a disturbance by breaking in a door at 1905 Birch Street was dismissed by Magistrate Jay in City Police Court this morning owing to lack of proof of jurisdiction. Stuart Henderson acted for the prosecution.

Dr. A. S. Lamb, traveling Provincial health officer and tuberculosis specialist, will hold his regular clinic in the Spencer Clinic, Jubilee Hospital, from July 7 to 11, inclusive. Examinations at these clinics are free. Anyone wishing a consultation is asked to make arrangements through his family doctor.

The Victoria Radio Club executive, with J. Fyfe Wilson in the chair, yesterday evening ordered its corporate seal attached to a letter to Radio Station KJR, Seattle, setting out the action taken by the club last fall in support of undisturbed possession by station KJR of its wave channel.

Illumination of the Post Office Building nightly during the next two months has been arranged in negotiations between the city and the Federal Department of Public Works. As the Parliament Buildings will also be lit up during the period the harbor entrance will present a brilliant appearance to visiting tourists.

Under the direction of Mrs. M. C. Wilkinson and Mrs. W. Nasmith, thirty-two children attended the opening of the Bible Vacation School of the Metropolitan and First United Churches, which was held on Wednesday afternoon, July 3, at 3.30 o'clock from the Sands Funeral Chapel. Rev. W. G. Wilson will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

The funeral service for Miss Helena Ann Burley, who passed away at the family residence, 2527 Graham Street, yesterday morning, will take place tomorrow afternoon, July 5, at 2.30 o'clock from the Sands Funeral Chapel. Rev. W. G. Wilson will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

OBITUARY

Funeral service will be conducted by Rev. W. G. Wilson over the remains of James Crawford Howden tomorrow afternoon at 2 o'clock, at Hayward's B.C. Funeral Chapel. The service will be under the auspices of the Victoria Columbia Lodge, No. 1, A.F. and A.M. Interment will take place in Royal Oak Burial Park.

The funeral service for Miss Helena Ann Burley, who passed away at the family residence, 2527 Graham Street, yesterday morning, will take place tomorrow afternoon, July 5, at 2.30 o'clock from the Sands Funeral Chapel. "SHORT" LOAF CHARGE LAD IN VANCOUVER

Canadian Bakeries to Stand Trial; Selling of Underweight Bread Alleged

Two Aldermen and Grocer Witnesses at Preliminary Hearing

Canadian Press

Vancouver, July 4.—After a preliminary hearing in police court, Magistrate Paul McD. Kerr committed the Canadian Bakeries to stand trial on a charge of selling goods falsely marked. The prosecution alleged sale of underweight bread.

A number of authorities were called by the prosecution. The evidence was heard and no defence witnesses were called by Hon. R. L. Maitland, K.C., defence counsel. "It is a question of how a company can be committed for trial," said prosecutor W. M. McKay. He suggested the company be "put on trial" and bail posted.

In the case of an individual the accused must be admitted to bail or held in custody pending trial in a higher court. You can not imprison a company, but how are you going to hold it?" he asked.

A number of authorities were cited by Mr. McKay, who declared the case was one which had never occurred before in a local court.

Magistrate Kerr finally decided to order a writ of habeas corpus issued for the company, but he did not order anyone into custody or demand bail.

ALDERMAN WEIGHED BREAD
Alderman Warner Lost was the chief witness against the defendant company and told of finding alleged underweight loaves in a West Broadway grocery.

Two loaves, alleged bearing the mark of the company, stating they each weighed sixteen ounces, were found to weigh fourteen and fifteen ounces respectively, he swore.

The witness was cross-examined by defence counsel as to what efforts he had made to check weight of loaves at the bakery plant and in wagons. He replied that he had "left it to the police."

A witness were not my duties," he declared, but he agreed he had not left the matter of weighing bread at the store entirely to police officers.

Alderman M. De Graves also gave evidence as to the alleged weight of the two loaves from the Broadway store.

GROVER HEARD
Alexander Davidson, grocer, east Twenty-ninth Avenue, stated that during the time he had been in the Canadian Bakeries. He had weighed some and found the weight short.

A double loaf marked thirty-two ounces had weighed only thirty ounces, he stated. He said he had notified the bakery company and it had replaced the "short" loaves with others of full weight.

Under cross-examination he said he was not aware the company baked fourteen-ounce loaves as well as those weighing sixteen ounces.

Defence was reserved by Mr. Maitland.

Hearing of a similar charge against Robertson's Bakery was deferred for one week.

"Don't Remember" Plea of Youths On Auto Theft
John Lakson and Roy Landsberg, two youths from Portland, started by celebrating the "glorious fourth" a little later than was usual in this city. This morning they faced Magistrate George Jay on a charge of stealing an automobile belonging to H. M. Hayward.

Both defendants claim they were under the influence of liquor and had no knowledge of what had happened. Testimony adduced by the prosecution showed the youths were seen entering the car on Cormorant Street and left it on Langley Street, near Fort, when they bumped into the back of another car.

Lakson was found asleep on a vacant lot by Inspector John T. Boulton. Landsberg was arrested by Detective William Stark on Yates Street, being under the influence of liquor. "You got off on the wrong foot," said the Magistrate, imposing suspended sentence on the youths. "You could be sentenced to a minimum of one year, but I will take into consideration that you are undoubtedly under the influence of liquor and did not know what you were doing."

WILL EXPLAIN GARBAGE BY-LAW
Saanich Ratepayers to Meet at Tillicum School on Monday Evening.

The Saanich garbage collection by-law will be explained to the ratepayers at a public meeting to be held at Tillicum School on Monday evening at 8 o'clock. The meeting has been called by the municipal council and will be addressed by Reeve William Crouch, Councilor E. E. Edgar, representative of the ward, and Councilor F. J. Crowhurst, chairman of the special council committee on garbage collection.

J. P. Dickard and others resident in Ward Seven will ask for reasons why no polling station has been located in Ward Seven. Other ratepayers have announced intention to criticize imposition of garbage collection charges on owners of vacant property within the area. Owners of improved property propose to voice objection to collection of garbage taxes on fifty per cent of the value of residences, when the general levy is collected on only fifteen per cent.

Vancover Boy Breaks Model Plane Record

Ottawa, July 4.—Walter Alder of Vancouver, holder of endurance record for model aircraft at the National Model Aircraft competition, here to-day when his single stick outdoor tractor stayed in the air for one minute, forty-nine and one-fifth seconds.

This time surpasses the former record established at Louisville, Ky., last year by one-fifth of a second.

A plane entered by Ross Farquharson of Vancouver stayed in the air forty-one minutes, but as it disappeared from view it was disqualified.

TO-DAY'S BASEBALL

New York, July 4.—Babe Ruth connected with Fred Marberry's delivery for his thirty-second home run of the season in the opening inning of the second Yankee-Washington game to-day. The bases were empty when the Babe, bad finger and all, drove the ball over the right field wall.

KILLED BY ROCK FALL DOWN MINE
Frederick Guy Succumbs in Cumberland Hospital From Terrible Injuries

Special to The Times
Cumberland, July 4.—On the eve of his thirty-fourth birthday, Frederick Guy, a native of Montreal, died Monday in the Cumberland General Hospital as the result of terrible injuries sustained when he was crushed by a fall of rock in No. 4 mine of the Canadian Collieries (D) Ltd.

Guy had a fractured left thigh, compound fracture of the right leg and a fracture of the spine. He had arrived in this country from England but three months ago.

He leaves a brother, George, and a sister, Mrs. J. J. Potter, residing in Cumberland, brother and sister, and a wife and child in England.

Guy's birthday fell on July 1, the day following his death. He was just getting settled in his new surroundings and was planning to bring his wife and child out from England.

Garbage Plan Here Interests New York Man
For 3,000 miles across the continent the news has traveled that Victoria is experimenting with a new device for disposing of garbage. W. B. Lyman, 640 Avenue, Bronx, N.Y., has come to Victoria to study the city's problem in regard to the new Rile distillation retort which is now being prepared for a three month test by the city engineer's department.

It is hoped that the new device to dispose of the city garbage free of cost and in addition make a small profit from the sale of bi-products made in the process of combustion.

A retort with a capacity of fourteen cubic feet will be set up in the city yards on Garbally Road preparatory to the tests. It was invented by Marius Rile and is said to be a method of controlling pollution "which act during the process of combustion. Tar, light and heavy oils, charcoal and gas are some of the bi-products claimed, the gas alone being said to be sufficient to operate the apparatus.

The city collects something like 38,000 cubic yards of garbage during the year and the disposal cost is about \$7,000. The tests will therefore be watched with much interest.

Montreal, July 4.—A request for a stay in appellate proceedings under the question of costs is decided by the court in the case taken by Lady Davis and Mortimer Davis, against Lord Shaftesbury and Alexander Macdonald, was made on behalf of the defendants before Mr. Justice Surveer to-day. The petition was taken under advisement.

BIG RAILWAY PARTY HERE
H. A. Scandrett, president of the Chicago, Milwaukee and St. Paul Railway and J. E. Gillick, vice-president of the same line, reached here to-day from Chicago and lost no time in setting out for the Colwood golf course. They are accompanied by W. H. Penfield, engineer in charge of maintenance; H. R. Earling, vice-president at Seattle, and S. N. Hicks, western traffic manager, also of Seattle. The party is staying at the Empress Hotel and will be in the city for several days.

NO HOPE SEEN IN PARLEY ON UNEMPLOYMENT
Canadian Press
London, July 4.—Premier MacDonald believes no effective results come from the present time from a world conference on the problem of unemployment. He told the House of Commons yesterday in reply to a question by Peter Freeman, Labor member for Brecon and Radnor.

Mr. MacDonald expressed the hope the government's emergency measures for dealing with unemployment in Great Britain would be made known in their entirety, at an early date.

LOWE FORMS COMPANIES FOR AIR SERVICES

\$1,000,000 Pacific International Airways Incorporated Here By Californian

Many United States People Come Here By Airplane To-day to Celebrate July 4

Filling for incorporation of the Pacific International Airways Ltd., with a capital of \$1,000,000, to enter the air transportation service between Victoria, Vancouver and Seattle in a big way, was completed here to-day by J. A. Campbell, attorney of Vancouver.

A second company, the International Airways System Ltd., a holding company, was incorporated along with the Pacific International.

Both companies, which are private and in which there is no public issue of stock, are financed by Edward A. Lowe, millionaire California motor and airways man.

Associated with Mr. Lowe in his entry into the airways field in the Pacific Northwest, are J. W. Smith of Vancouver, J. W. Barrows of San Francisco, and Capt. Alex. Holden of Victoria, former director of the Alaska-Washington Airways.

Mr. Lowe, who has been in Victoria in the company for the last few days, left Victoria at noon by his private plane for Vancouver, on his way across the continent to buy a fleet of amphibian planes to operate on the Alaskan route. He said he expected the new planes would be eleven-passenger machines, and three would be placed in service without delay. Before leaving Mr. Lowe and his associates completed arrangements for the construction of adequate landing accommodation here.

AIR TRAVEL RUSH TO-DAY
Fourth of July holiday to-day saw a rush of airplane travel converging upon Victoria. The Alaska-Washington Airways, operating the Seattle-Victoria service, had to put on an extra machine, a big Vega, and was landing full loads each trip at the Lansdowne Road Airports. A six-passenger Stinson-Delrother plane made four trips across the straits from Port Angeles this morning bringing full loads of vacationists.

Was Constipated, Bilious, Tired. Now Well, New Woman

"Was always constipated, bilious, tired, out of sorts. Since taking Fruit-a-tive, I feel like a new woman. Constipation all gone." — Mrs. J. McHenry, Montreal.

Hosts of men and women write year after year of constipation and liver trouble ended overnight with "Fruit-a-tive." Biliousness, indigestion, heartburn, gas vanish like magic. Kidney and bladder ills, pain in back fade away quick. Nerves quiet, sound sleep at once. Rheumatism, neuralgia, neuritis, sick headaches decamp in hurry. Complexion clears.

Ten of nature's greatest remedies combined in handy tablet. Marvelous discovery by famous Canadian doctor. Speedy results amaze all.

Quit being sick, tired, weak. Get "Fruit-a-tive" from druggist to-day. (Adv.)

PYTHIAN PICNIC WELL ATTENDED

Party of One Hundred Enjoy Day at Oak Grove Camp

About 100 Knights, sisters, children and friends attended the Pythian picnic held at Oak Grove camp on Tuesday by Far West Victoria Lodge No. 1, Knights of Pythias.

The lengthy programme of sport events was run off without a hitch, and the committee in charge is to be congratulated on the arrangements.

Officials responsible for the successful day were as follows: Judges, Messrs. Hughes, Harding, Todd, Hockley; starter, Mr. Allison; handicappers, Messrs. Carter, Barry, Henry; announcer, Mr. Woodburn; official secretary, Mr. Greyson; chairman of sports committee, Mr. Webb.

Events were as follows:

Infants, girls and boys under 5 years, 50 yards—1, R. White; 2, D. Woodburn; 3, W. McKay.

Girls and boys (mixed), under 8 years, 60 yards handicap—1, F. Mc-

Donald; 2, D. Woodburn; 3, W. McKay.

Girls under 12 years, 75 yards handicap—1, V. Todd; 2, H. Todd; 3, F. McDonald.

Boys under 12 years, 75 yards handicap—1, D. Hughes; 2, H. Woodburn; 3, J. White.

Girls under 16 years, 100 yards handicap—1, V. Todd; 2, H. Todd; 3, J. Todd.

Boys under 16 years, 100 yards handicap—1, D. Hughes; 2, H. Woodburn; 3, J. White.

Ladies' balloon race, 75 yards, scratch—1, H. Todd; 2, Mrs. Hockley; 3, Miss Allison.

Men's balloon race, over 50 years, 75 yards, scratch—1, Jake Hughes; 2, A. A. Hockley.

Ladies' tire race, 75 yards handicap—1, N. White; 2, Mrs. Barry; 3, Miss Allison.

Gents under 30 years, 100 yards, open—1, M. Woodburn; 2, W. Webb Jr.; 3, H. Richmond.

Hand driving competition, 6 1/2 inch nails—1, Mrs. W. Harper; 2, Mrs. Todd; 3, Mrs. White.

Gents spring board jump for height—1, G. W. Allison; 2, A. Barry; 3, A. Chapman.

Ladies' throwing baseball—1, P. Hawkes; 2, H. Hayes; 3, M. White.

Gents, putting the shot, open—1, A. Chapman; 2, C. Chapman; 3, M. Woodburn.

Ladies, putting the shot, open—1, Mrs. Richmond; 2, Mrs. McKay; 3, Mrs. Barry.

Horseshoes (mixed) two ladies and two gents—1, G. W. Allison and Mrs. Richmond; 2, M. H. Woodburn and Mrs. McKay.

Softball game, mixed teams—1, M. Barry's team; 2, G. Allison's team.

East Sooke

Eric Walker wrecked his car against a stump on Monday. His load had commenced to slide and in trying to adjust it he drove into a ditch, the stump completely buckling the front wheel. Later in the evening while taking the car home with a team, one of the horses threw him under the car, which went over his leg, causing many bruises.

Rocky Point

On Saturday last the school "break-up" picnic was held by the teacher, Miss Moody, and the children. Many parents and friends were present, about forty in all.

SERVICE CLUB ISSUES RULES

North Saanich Body Offers Two Cups For Unique Competition

The North Saanich Service Club has issued a number of regulations governing the contest for the Matson Cup and the MacFarlane Cup. These are being offered to the boy and girl who show to best advantage in the attributes enumerated below. The sports committee of the club reserves the right to alter the standards as awarded by the schoolmasters or mistresses should they feel that the standard set by the school is at variance with that set by another.

In allocating the various subjects for which points are allotted for these cups, the donors expressly wish it to be understood that these cups are in no way awarded where the natural gift of a boy or girl, by which the boy or girl is endowed with the special qualities to permit him or her, without any great effort, to accomplish results in studies or sports, but for the boy or girl who, though not so fortunately endowed, through honest and conscientious effort and sportsmanship strives to accomplish results as typified by Kipling's "If."

Allotment of points for schoolmasters or mistresses:

Courteous conduct and good manners	20
Effort to improve in studies	20
Sports committee, North Saanich Service Club	20
General attitude as regards sports	20
Effort to win	20
Total	100

Ganges

Mr. and Mrs. W. H. Seymour and family, former residents of Salt Spring, who for the last two years have made their home in Vancouver, returned on Saturday and have rented the property of W. Nightingale, on Kipling Road, Ganges, for a year.

Miss Margaret Campbell, teacher at the Burgoyne Valley School, left on Saturday morning for Victoria, to spend the summer holidays with her parents at Esquimalt.

Miss Lois Wilson has returned to her home at Central Salt Spring after spending a week in Victoria, the guest of Mr. and Mrs. Ewayne, Battery Street.

The competition for the junior members of the Salt Spring Golf Club, held recently, was won by Faddy Crofton, who was the recipient of the golf club presented by Mrs. C. S. Macintosh; Rowland Inglis came second and George Elliot third.

Mr. and Mrs. Arthur Elliott and Mr. K. Butterfield returned home on Sunday after a ten days' motoring trip to Kelowna.

Mrs. Heritage and Miss Ethel Heritage were passengers on the Princess Patricia on Sunday from Vancouver. Mrs. Heritage will be the guest of Mr. and Mrs. H. T. Peter, Ganges, for a week.

Mrs. Walter Jamski is leaving shortly on a trip to the Old Country, where she will visit her parents in London. She expects to be away a year.

Master Douglas Dean, pupil of Formby House School, Friday, for the summer holidays, flying to Vancouver on the seaplane.

The Jokers football team from Victoria came over to Salt Spring on Sunday to play the Ganges boys on the Mahon Hall grounds, which resulted in a win for the Victorians, 5-2.

The Misses Gladys and Cree Shaw of Burgoyne Valley, spent a few days in Victoria this week.

A. W. Drake, Ganges, was a weekend visitor to Victoria, returning by launch.

Mr. and Mrs. Robert Price, Ganges, were visitors in Victoria on Saturday, returning by launch in the evening.

Mr. and Mrs. A. Wilkes of Ganges Harbor are spending a few days on board their launch, Varuna, at Brentwood Bay.

The Ladies' Aid of the United Church at Ganges held a very enjoyable strawberry tea in the pretty gardens of the home of Mr. and Mrs. W. M. Mout, on Friday afternoon.

Among those present were: Mrs. G. J. Mout and Miss J. Mout, Mrs. E. Parsons, Mrs. S. Wags, Rev. and Mrs. W. Allan, Rev. G. V. and Miss Dean, Mrs. W. Norton, Mrs. H. Noon, Mrs. H. Nobbs, Mrs. Winthrop, Miss Winthrop, Mrs. W. Mout, Miss Grace Mout and Miss Gladys.

Miss Mabel Harris, teacher at the Cranberry District School, left on Friday morning to spend the summer vacation with her parents, Mr. and Mrs. Harris, Victoria.

Mrs. G. C. Mout, Ganges, was a visitor to Victoria on Friday, returning on Saturday evening by launch.

J. Caldwell, who has been spending a holiday with his parents on Salt Spring Island, left on Friday for his home in Seattle, via Victoria.

Mrs. F. O. Bluff, Ganges, spent a few days in Victoria recently, a guest at the Devonshire House.

Mrs. Price Sr. of "Mercedes" returned home on Saturday after a short visit to Victoria, where she was the guest of her daughter, Mrs. Cecil Lay.

Robin Justice, Ganges, spent a day or two in Victoria on business.

Miss B. Spender, who has been visiting friends at Salt Spring Island, has left for her home in Vancouver.

Mrs. E. Toyne and Mrs. J. Mout have returned to Ganges from Victoria.

Mrs. G. Nelson, who has been spending holidays on Pender Island, has returned to Ganges.

Mrs. Wakelem, Sr. of the Divide left on the Princess Royal on a visit to Vancouver.

J. Caldwell, who has been spending a holiday with his parents on Salt Spring Island, left on Friday for his home in Seattle, via Victoria.

TO-DAY'S GRAIN MARKETS

Winnipeg, July 4.—Wheat: The wheat market held steady with prices quoted lower to quarter higher during the first part of the day, and later prices moved fractionally higher. There was moderate support being offered at times with continental houses taking around half million bushels of wheat, otherwise business was again slow, overnight sales being estimated at 250,000 bushels, mostly Manitoba. Not much change in foreign activity is looked for until after the American holidays, the market of that country being closed until Monday morning. The demand for cash wheat was very quiet, but offerings were not pressing and all spreads were about unchanged, there was no change in the flour situation which continues extremely quiet. The chief feature of the foreign news was the break in the drought conditions in Australia, where heavy and general rains were received yesterday except west Australia, where the precipitation was somewhat lighter, private cables from Australia stated that the compulsory wheat pool plans had been defeated. The weather over Western Canada was clear and warmer to-day, while further showers or rains were received in Alberta and northern Saskatchewan yesterday.

Crop conditions throughout the west are considered mostly favorable, but there are undoubtedly still a few bad areas in Saskatchewan, more especially in the southern districts. This is a critical month for wheat as regards rust development, and for this reason and to the fact that prices are low there are few who care to press the short side of wheat. It is known that rust exists south of the boundary but has made little headway so far. However, some anxiety exists, as conditions appear more or less favorable for its development. Liverpool closed 1/4% higher, when due 1/2% lower. European crop news not altogether favorable. With American markets closed to-day there was not much news drifting through. Wheat closed 1/4% higher. Coarse grains: These markets continued quiet with little feature going on. Prices held firm and a little higher, largely in sympathy with firmness in the leading cereal, while offerings were light. The cash demand was dull, just odd cars of low grades of oats and barley changing hands.

Oats closed half higher to 1/2 lower, barley closed 1/4 up and rye 1/2 cents higher.

Flax: Just held steady, trade very light, no feature. Closing prices unchanged to 1/4 lower.

Liverpool is due 1/2 higher on Winnipeg.

DUMPING WHEAT SURPLUS ABROAD IMPOSSIBLE, SAYS LEGGE, WARNING FARMERS

Washington, July 4.—Controlled production and regulated marketing are the only hope of the wheat producer getting a better return, Chairman Legge of the Farm Board, said in a radio address.

He stressed the impossibility of any aid through a programme of dumping surplus abroad.

Comments coming to the board from various sections of the country indicate there are still a considerable number of persons who are laboring under the delusion that through some mysterious process the surplus of agricultural commodities, no matter how large, can be disposed of abroad without interfering with that portion of the commodity that is common in the domestic market, Mr. Legge said.

"All information we have on the subject tends to discredit the possibility of such solution along this line," he continued, pointing to action of other nations to prevent dumping. "Therefore, in seeking a solution of the wheat surplus problem, it is my judgment that we might as well abandon any theory which contemplates selling abroad at prices lower than these currently prevailing in this country."

"Substantial improvement can be made through better regulated marketing of what we produce, and in my judgment, a substantial gain is being made in improvement of present marketing system through organization of producers."

Chicago, July 4.—The Chicago Tribune to-day says: "Wheat traders were disturbed by the conflicting French news. Several authorities estimate the crop at around 250 to 260 million bushels, with a loss of 40,000,000 bushels, as compared with last year, while other cables from London reported that there would be a carry-over of 40,000,000 bushels."

"Marketing of wheat in the southwest continues heavy with receipts close to 2,000 cars a day."

A little apprehension exists as to the condition of the spring wheat in the northwest but Vancouver-Harrington says prospects for small grains in the northwest are better than an average. Continued showers are needed to bring the present excellent prospects to maturity."

Winnipeg, July 4.—There have been further showers in Alberta from Lethbridge to Edmonton during the last twenty-four hours, with clear conditions in all three provinces this morning. Crop conditions are now considered very favorable.

Forecast for the prairies is weather fair and warm to-day and Saturday. The weather map shows clear all over the west.

TO-DAY'S REPORTS ON CALGARY OILS

By Special Service of Miller, Court & Co., Victoria Office

Royale No. 11 took the time limit in Turner Valley as official announcement was made that the gas flow showed approximately 35,000,000 cubic feet. Provided the gas is as wet as the average in Turner Valley, the well should prove one of the largest in the field.

Eastport No. 1 was reported making steady progress in the lime yesterday. Casing has been run to a depth of 4,382 feet, fifty feet in the lime.

Eastport No. 2 "A" is reported at a depth of 3,224 feet and is believed to be close to the belemnite formation.

Following a few days' delay, operations have been resumed at the Range Oil and Gas Company's No. 2 well in the Milk River field. It is reported that the well is being run to a depth of 2,400 feet and this will be cemented.

Gas showing encountered at the Duvernay Wildcat at A.P. Consolidated well in the upper horizon considered encouraging, but production is not expected from the present horizon, it was stated at the office of the company yesterday. The well is at a depth of 1,440 feet.

A.P. Consolidated No. 1 (Turner Valley) is scheduled to be shot during the day with 600 quarts of nitro.

The suit brought some months ago against Calmont Oils Limited for the sum of \$182,000 by the Canadian Supply Company constituting money alleged to be owing for supplies, has been withdrawn, as also has been withdrawn a counter suit brought by Calmont Oils Limited, according to a joint announcement made by the two companies yesterday.

MONTREAL LIST TURNS EASIER IN FINAL HOUR

Montreal, July 4.—Slight easing crept into the Montreal Stock Exchange during the final hour of to-day's most inactive session while New York was closed and early gains were wiped out to be succeeded by small fractional losses. The leaders in activity, International Nickel and Brillian Tractor, closed unchanged from yesterday's final figures after having been quietly firm for the first four hours.

Trading volume fell to the lowest this year. None of the popular issues were showing gains at the close, while Montreal Power, Massey-Harris, McColl Frontenac and Dryden Paper were off small fractions.

Canada Power and Paper, of which a few fairly heavy blocks changed hands, was down less than half a point. St. Lawrence Paper was unchanged as was Canada Car and Gypsum.

The market will be closed to-morrow.

NEW LOCOMOTIVE ORDERS HEAVIER

Philadelphia, July 4.—Shipments of Baldwin Locomotive Works for the first six months amounted to \$17,470,000, against \$8,590,000 in the same period of 1929. Shipments in June totaled \$3,290,000, against \$1,100,000 in June, 1929. New business booked in June fell off considerably, although it was still slightly larger than in June, 1929. Bookings amounted to \$522,000 in June, 1930, against \$504,000 in June, 1929. Business booked in the first half this year totaled \$3,370,000, against \$1,740,000 in the like period of 1929. Unfilled orders on July 1, 1930, amounted to \$14,830,000, against \$14,130,000 on July 1, 1929.

Shanghai Telephone Acquired By I.T.T.

The stockholders of the Shanghai Mutual Telephone Company in Shanghai, China, yesterday voted to accept the offer of the International Telephone and Telegraph Corporation to purchase the company and authorized the directors to make the transfer of the property. The approval of the council of both the International and the French Settlements has been secured.

Shanghai Mutual Telephone operates in both the International and French Settlements, with a foreign population of about 50,000 and about 1,100,000 natives. It was serving 36,219 telephones May 31. The company connects with the Chinese Government exchange operating in the native section of Shanghai and it also connects with lines of the Chinese Government Telephone Administration or long distance service to points in the Yangtze Valley as far as Hankow, a distance of about 165 miles.

Dorothy Dix

The Modern Girl Prides Herself on Being Different From Her Grandmother, but Underneath All Her Up-to-date Improvements Are the Same Emotions, Desires, Ambitions and Hopes That Women Have Always Had, Declares Dorothy Dix.

I GET a great many letters from girls who tell me that they are "modern," whatever that may mean, and who seem to think that they are a new species of fauna that older people cannot comprehend even when they behold this marvel of nature with their own eyes. Which causes one to laugh, for the modern girl isn't so different from the girl of the past as she thinks she is. True, she works in an office instead of helping mother at home. She pets more openly and doesn't pull down the blinds when she kisses the boy friend as grandmother did and she joyrides in a high-powered car instead of a side-car buggy and she wears fewer petticoats than grandmother did, but that's about all.

Deep down inside her the real girl is cut off the same bolt of cloth that nature has been manufacturing ever since she made the first woman. She has the same emotions, desires, ambitions, hopes that women have always had and probably always will have and in any emergency she reacts just the way women have always reacted.

"There are many histories," says Tallyrand, "but only one human nature." And especially there is only one feminine human nature and it hasn't changed a particle since Eve grabbed the only man in sight and then was dissatisfied with him and dillydallied with the serpent because she found domesticity dull with a husband who was so good she didn't even have to watch him.

Of course, in mother's and grandmother's and great-grandmother's day the main business of a girl was to catch a husband, because marriage was about the only respectable profession open to women. A husband then was a necessity because he was a combination meal ticket, card to society and passport to freedom, for the unmarried woman not only had no way of supporting herself, but she had to hang on to some matron wherever she went and couldn't move without a chaperon until she was ninety.

Now a husband is a luxury instead of a necessity and no woman has to get married to emancipate herself. Any able-bodied girl with a fair allotment of brains can make a good living for herself. She can have her own home. She can go where she pleases and be as free as a bird.

Nevertheless, girls are just as anxious to get married as their mothers and their great-grandmothers were and they are just as keen in pursuit of husbands. The main business in life for them is still getting married, and when it comes to a choice between a husband and a career the career goes into the discard.

The modern girl is far better educated than her mother and her grandmother kind, heaven knows, she has a million times better chance to know men, since she works side by side with them every day, and so she should make a wiser choice of a husband than her foremothers did.

But she doesn't. She still uses her heart and not her head when she makes the most important decision of her life and marries a man because he has a cute line or a way with him or she likes the slick way his hair grows on his head.

The modern girl poses as wise. She prides herself upon being sophisticated. She has heard all there is to tell and she boasts that nobody can put anything over on her. But in reality she is just as credulous as any little Mid-Victorian miss who had never stirred beyond the radius of mamma's skirts and who was sent out of the room when people mentioned babies.

She still believes that she can reform a drunkard by marrying him or that she can infuse pep and hustle into a lazy loafer of keep a philanthropist nailed to his own fireside.

The modern girl still marries as her grandmother did, on a hunch. Sometimes she gets a good husband and sometimes a bad one, but whatever the result, it is purely a matter of luck and not because she used any intelligence in the matter.

The modern girl thinks she is hard-boiled, but all about you you see girls giving up everything for love and marrying men whom they know will half starve them; every day you see girls who keep on with their jobs after marriage and add housework to standing behind a counter or pounding a typewriter in order to help their husbands get a start in the world or to take care of sick husbands; every day you see slim, little, frail girls shouldering the support of old parents or the little helpless children of their sisters and brothers. You see the modern girl going the old-immortal way of self-sacrifice and devotion that women have gone since the beginning of time.

There are those who tremble for the future of the race when they look at the scantily clad, bobbed-haired, modern Shebas, but within their thin, little breasts beats the eternal mother heart, and when their time comes they will do just as many laps walking the baby with the colic as they used to do in the bedroom. Maybe they will drop cigarette ashes in the baby's cradle, but they will bring up their youngsters according to the latest scientific theories.

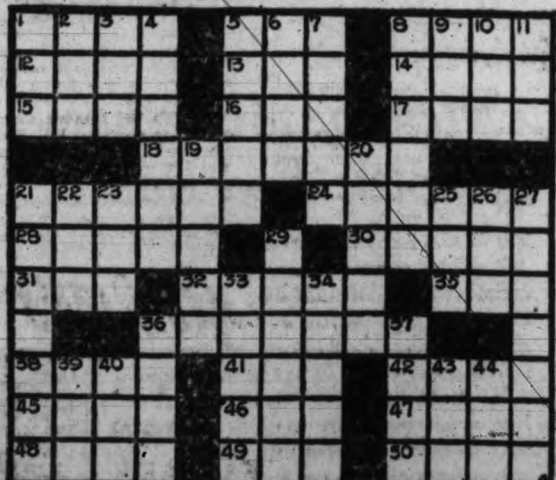

Of course, the modern girl isn't going to keep house just as her grandmother did because the conditions of life have changed. You can't keep house in a kitchenette house the way you would in a twelve-room mansion, but she will keep a better eye on things than grandma did and she won't kill her husband and her children off on her cooking so often. As a wife she won't be a doormat like grandma, but she will be a better sport. She will laugh more and nag less and make her husband a better wife than grandma had.

But in all essentials the modern girl is the same old woman with a few up-to-date improvements.

DOROTHY DIX.

Ella Cinders

White Millionaire Cole was away, his scheming wife had Ella jailed on a charge of child-stealing. She also took away the \$10,000 reward given Ella for the return of Giggles. Then she put Giggles in a boarding home.

GEE, I HAVEN'T HEARD FROM ELLA FOR DAYS! ANOTHER FIFTY YEARS OF WORRY LIKE THIS AND I'LL TURN GRAY OVERNIGHT! I'LL WALK IN ALL DIRECTIONS AND IF I CAN'T FIND HER I'LL CONSIDER MYSELF LOST!

NOT SO FAST, MY LAD! I'M THE TRUANT OFFICER!

WHAT OF IT? SCHOOL IS OUT AND MY VACATION BELONGS TO ME! LOOK ME UP AGAIN WHEN SCHOOL STARTS NEXT FALL!

THIS HAS NOTHING TO DO WITH SCHOOL! YOU'VE BEEN RUNNING THE STREETS FOR DAYS WITHOUT A HOME, SO I'VE PICKED OUT A NICE PLACE FOR YOU TO STAY! I HAD A BOARDING-HOUSE, BUT THE RENT WAS TOO AND I DIDN'T WANT TO UPSET THE LANDLADY BY MENTIONING IT!

THEY CERTAINLY PROTECT YOU WELL HERE! THEY EVEN PUT BARS ON THE WINDOWS TO KEEP MURDERERS OUT! AND ANOTHER CONSIDERATION IS THAT BACKSIE IS BEING TAKEN GOOD CARE OF BY MRS. BOOTH, THE LANDLADY AT THE BOARDING-HOUSE!

Mutt and Jeff

MUTT, WHY THE MATTRESS?

HALF THE RACE I'M ON THE MATTRESS BACK- AND THE OTHER HALF I'M ON MY OWN!

GO!

I'LL PUT PEDALS ON THIS HOSS AND USE HIM IN A SIX-DAY BIKE RACE!

NOTHING TO WORRY ABOUT, HORSEY. THE ONLY TIME YOU WIN BY A NOSE IS WHEN YOU'RE REACHING FOR OATS!

I DISQUALIFY ALL THE OTHER HORSES FOR RUNNING TOO FAST- AND GIVE YOU AND YOUR STEED FIRST PRIZE FOR THE FANCIEST DRESSED COUPLE!

SLIP ME!

The Gumps

ON HIS BED OF STRAW SCOOGE SITS AND THINKS OUT CARLOS.

THREE TIMES EACH DAY HE IS TEMPTED WITH A BIG MEAL AND FREEDOM. HE WILL DELIVER THE PAPER AND SIGN THE AGREEMENT TO SCOOGE THE MONEY HE LOANED HER SIX MONTHS AGO. THEN HE'LL BE FREE! WE'LL BE AN UNHAPPY LOT.

40% LOVE-BAN!

WHAT IF I DID GIVE HIM THE NOTE? HE WOULD HOLD IT OVER HER THE REST OF HIS LIFE- I COULD NEVER COLLECT A PENNY ON ALL THE MONEY I'VE LOANED HER- I HAVE NO OTHER PROOF OF OUR AGREEMENT- AND IF I WERE LET OUT AND SQUEALED- WHAT GOOD WOULD IT DO ME? AS SOON AS UNCLE BEN LEARNED OF OUR AGREEMENT- THERE WOULD BE NO WEDDING- AND IF THERE IS NO WEDDING I GET NO MONEY BACK- I LOSE ALL- AND WHAT CAN SHE DO?

UNLESS— SHE MARRIED ME— THAT WOULD BE HER ONLY WAY OUT OF IT— THAT— WOULD WIPE OUT THE DEBT—

ON THE MEANTIME CARLOS IS GETTING IMPATIENT- HE NEEDS CASH- HE'S BROKE AND WANTS HEAVY DOUGH- HE IS NOT GOING TO PUT UP WITH THIS MUCH LONGER- HE WILL USE FORCE- AND POOR HENRIETTA OUT IN THE COLD- NOWHERE ON EARTH CAN SHE GET ONE PENNY- LISTEN, SCOOGE- CAN'T YOU HEAR HER FRANTIC CALLS FOR HELP?

Bringing Up Father

I BORROWED CLANCY'S DOG- I'LL TURN HIM LOOSE IN THE KITCHEN AN' HELL CHASE THAT CAT THAT BELONGS TO THE COOK OUT OF TOWN.

THEN SHE'LL GIT MAD AN' QUIT- THAT'LL BE EASIER THAN FIRIN' HER.

WELL- I GUESS IT'S OVER BY NOW- I'LL GO AN' GIT THE DOG.

?

OUT OUR WAY

THER'S A JANE OUT FRONT WANTS T' SEE YOU, KNOBBY.

WHICH ONE IS IT?

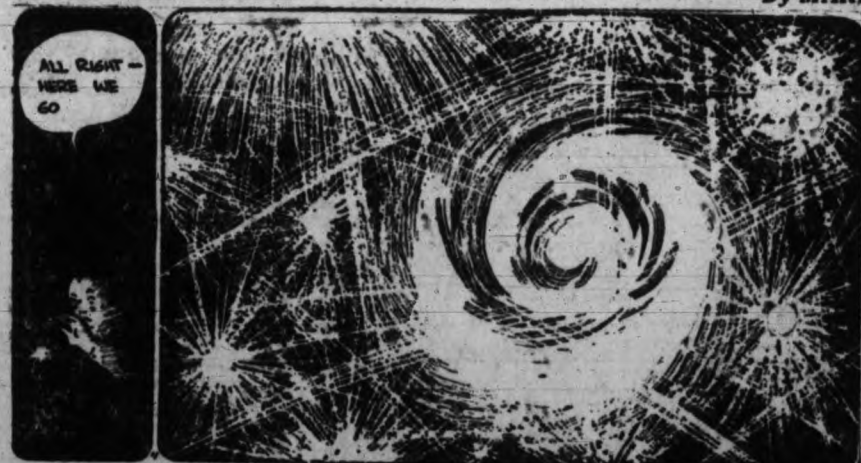

SHE ASKED FOR ONE SOLDIER AN' SHE'S GETTIN' TWO. WHUTS HUNK HINES FOLLERIN' HIM FER?

DIDN'T YOU HEAR HUNK ASK HIM FOR TH' BUTT ON THAT CIGARET? WELL, IT AINT A BUTT YET- THEY'LL HAVE NO PRIVACY 'TIL IT IS.

"BUTTING" IN.

WORLD HIGHWAY COMMISSION IS PLANNED IN U.S.

Washington, July 4.—A resolution to authorize President Hoover to appoint a world highway commission to co-operate with other nations in developing interest in world highways connecting North, Central and South America through Canada and Alaska with Asia, Europe and Africa was introduced yesterday by Delegate Sutherland of Alaska.

Sutherland said the president of the Good Roads Association and the International Association of Automobile Clubs had planned a world system of airways, highways and railroads by all land routes that will connect North, Central and South America with Asia, Europe and Africa via Alaska, and make aviation countries as safe and certain as the air mail in this country, expediting and increasing the postal service and revenues of all nations.

CAPITOL PICTURE TAKEN ON BOARD NAVAL SUBMARINE

Realism and thrills are combined to unusual degree in "Men Without Women," John Ford's sensational sound story of life aboard a naval submarine now showing at the Capitol Theatre. Critics assert that Ford has captured the unvarnished personality of the man-o-warman as no other screen director has done heretofore. Kenneth MacKenna, Frank Albertson, Farrell Macdonald, Walter McGrail, Paul Page, Warren Hymer and Stuart Erwin head the all-masculine cast of this unique picture.

AT THE THEATRES

WARNER OLAND IS CAST IN CLEVER MYSTERY THRILLER

Screenland's most famous specialist in Oriental roles, Warner Oland, will be seen and heard in his second great portrayal of Dr. Fu Manchu when "The Return of Dr. Fu Manchu" shows at the Dominion Theatre to-day and Saturday.

This picture is a sequel to "The Mysterious Dr. Fu Manchu" in which Oland scored heavily with movie critics and fans all over the country with the insidious doctor again in O. P. Haggie, in the part of Nayland Smith, Scotland Yard's best sleuth. Haggie is a convert to the movies from the legitimate stage in which he was a prominent actor both in America and England. His biggest film roles have been in "The Vagabond King" (as the weak-minded King Louis) and in the Fu Manchu films.

PRE-WAR SPLENDOR OF EUROPEAN COURT SEEN AT PLAYHOUSE

All the glamour of pre-war days, is shown in "The Melody Man," the Columbia all-talking musical drama now showing at the Playhouse Theatre with William Collier Jr., Alice Day and John St. Polis.

The scene depicts a royal concert in the palace of Emperor Franz Josef in the year 1913. The costumes designed with the utmost fidelity to the period and silhouetted against the background of the regal magnificence of the reception room, add materially to the colorful aspect of the scene. This sequence is photographed in technicolor.

GREAT SPECTACLE OF AFRICA WILL SHOW NEXT WEEK

A massive set along a river bed depicting an African trading station and Kaffir village and a German garrison was built by Tiffany to supply the proper atmosphere and background for their half-million dollar spectacle, "Mamba," showing next week at the Playhouse Theatre. "A vast jungle scene was also erected for the dialogue feature which has been photographed entirely by the Technicolor camera.

AMUSING SITUATIONS IN "FREE AND EASY" NOW SHOWING HERE

What happens when the mother of a beauty-prize winner is determined that her daughter shall become a movie star is riotously portrayed in "Free and Easy," Metro-Goldwyn-Mayer's all-talking comedy which opened last night at the Coliseum Theatre with a cast which boasts of more screen celebrities than have ever before been gathered together for a talking comedy.

POPULAR CAST IN HOOT GIBSON FILM AT THE COLUMBIA

Hoot Gibson, whose first Universal talking western picture, "The Long, Long Trail," it being shown at the Columbia Theatre to-day, believes in making his own concessions to modernism. In this exciting film he shoots up a soft drink parlor instead of the old-time saloon. The cast of "The Long, Long Trail" includes Sally Eilers, Kathryn McGuire, James Mason, Archie Ricks, Walter Brennan and Howard Truesdell. Arthur Rosson directed.

ROTARIANS CARRY IT WORK WELL

Annual Directors' Report Shows All Branches of Club Functioning Efficiently

All departments and committees of the Rotary functioned successfully during the year and added to the excellent record the club has maintained in the city, it was shown in the directors' report submitted to the club at its installation ceremony meeting in the Empress Hotel yesterday evening.

A consistent attendance standard was upheld during the year and fifty-one excellent luncheons, at which several distinguished men spoke, were enjoyed.

The membership, now standing at 112, showed a slight increase over last year.

Several commendable objectives were backed by the club and were achieved with remarkable success. Excerpts from the report read as follows:

"The competitors in the seed growing contest conducted by the agricultural committee were entertained at lunch and the cups and prizes were presented to the winners by His Honor the Lieutenant-Governor, who was so kind as to attend the meeting and address some words of encouragement to the boys and girls who had had the perseverance to complete this difficult test of their skill. Our good friend, Mrs. R. P. Butchart, donor of the principal challenge cup named after her, was prevented by her absence abroad from being present as she has been in past years.

"About twenty of our meeting programmes were contributed by our own members. Rotarian speakers from other clubs included District Governor, Art Cunningham on the occasion of his official visit; Governor of the Twenty-eighth District John Nelson; Bob Irving, of Kamloops, who represented the Canadian advisory committee; Sylvester Barker, president of the Seattle Club; and three Rotarian members of the Provincial Legislature, Dr. Borden, of Nelson; William Kennedy, of Vernon, and Frank McPherson, of Cranbrook. The list of other speakers who have instructed and entertained us includes H. B. Thomson, Dean of Men, Louis O'Brien, University of California; P. Z. Caverhill, chief forester; Hon. Herbert Marler, Canadian Minister to Japan; M. C. Robinson of the Canadian National Institute for the Blind; Dr. R. M. Stevenson, F.R.C.S.; Hon. Mr. Justice Murphy; E. E. Leason; Colonel Ross Napier, Major Gus Lyons, J. B. Munro, Deputy Minister of Agriculture; Irving Dawson, Prime Minister of the Boys' Parliament; our worthy past president and now honorary member, Arthur Rosson, who presided at the meeting of his council; John Hsieh, Provincial Librarian; William MacKay of the Burns Club; the late Archdeacon of Kamloops, Rev. C. R. Heasman, Canadian Trade Commissioner at Batavia; Albert Sullivan, Inspector of Schools; Captain C. D. Stewart, of the C.M.S. Coast Service (at our memorable meeting on the St. Princess Elizabeth); Gyro Harold Beckwith, Major Pearce of the Dominion Astrophysical Observatory; the members of the Publicity Bureau, field staff; Rev. O. C. F. Pringle and Hon. Iyemasa Tokugawa, Japanese Minister to Canada.

"The membership of the club stood a year ago at 104. During the twelve months, seventeen new members were elected and nine left us, making the present membership 112. This is a higher figure than it has reached for seven years. Of the nine members lost three left the city, one ceased to represent his classification and five resigned or were automatically dropped on account of absence from meetings.

"The percentage of attendance at our meetings for the year was 80.75. The previous year it was 80.84 and the year before last 80.56, so that we are at least consistent. Six members have attended every meeting during the year, namely, Fred Armstrong, Frank Doherty, Jim Fletcher, Bob Lamb, Percy Watson and Tom Yull. Percy Watson thus maintains an unbroken record since his first meeting in 1922. By reason of attending the International Ball at Seattle as representative of our club, Alfred Carmichael missed by one meeting a full 100 per cent attendance.

"Your directors have held thirty-five meetings at which many subjects were dealt with, including appeals for support, financial and otherwise, from many local organizations.

"It was felt that the scope of the club's activities made it advisable that it should be incorporated under the Societies Act. This was done with your approval.

"An inter-city meeting was held with the new Port Townsend club at Port Townsend and was much enjoyed by the large contingent who made the trip.

"We took the lead in reviving a project originated some years ago by the Kiwanis Club to institute a service club council in the city. This organization is now in working order and we believe is justifying its existence.

"In November last was held the third Rotary Ice Carnival for the benefit of our Welfare Fund. The anticipated profit was somewhat reduced by the fire which destroyed the Arena a few hours later but we were enabled to make some substantial contributions to several causes.

"Most of our committees have been active throughout the year and have given of their best to keep the wheels of Rotary turning. In the community service section of our aims and objects organization, come the agricultural and committee has repeatedly met to discuss its activities from time to time, whereby it has been the means of helping in various ways a number of underprivileged children.

"In the club service division our programme committee has been notable for its untiring work throughout the whole year in planning the weekly meeting programmes. We believe that members will agree with us that this committee has handled its difficult task successfully and it deserves the commendation of the club.

"The music committee, as our orchestra is officially called, has again given us of their best. It was a good work for the club in organizing the softball team to a point where it is a going concern and the favorite for the Service Club Softball League series which is just beginning.

"In July last your president and secretary attended the District Assembly, as the president and secretary's meeting is now called, at Corvallis. Jim Beatty was also there as a past district governor. At the district conference this year at Spokane, our delegation consisted only of your

COAST STEAMSHIPS

president and Mrs. Carmichael; Jimmy Adam and his lady, and Jim Beatty. At the international convention held last week at Chicago we also had three representatives in the persons of Jim Beatty, P. L. Naismith and Alf Brewer. We take this opportunity of acknowledging the club's indebtedness to our friends of the press for their willingness the Rotary table at the Y.W.C.A. tea.

"In conclusion we would like to thank you one and all for your loyal co-operation and support during our term of office and to ask for their continuance to our successors to whom we wish as pleasant a task as ours has been."

The leader since 1857

A Message to Mothers of Bottle-Fed Babies

IF YOUR baby is not thriving on his present food we suggest that you and your doctor consider Eagle Brand Milk. Eagle Brand is so easy to digest that it is comparable to mother's milk in this respect. Practical tests over a period of more than 70 years have proved it the food most likely to "agree"—not only with healthy babies, but in difficult feeding cases where other foods fail. And Eagle Brand is always pure, always uniform, always safe, even in the hottest weather. We have on file thousands of letters from grateful mothers all over Canada who have successfully reared their babies on Eagle Brand.

TWO BOOKS EVERY MOTHER WILL DESIRE

"Baby's Welfare" is a free booklet containing practical feeding directions and suggestions for supplementary foods. It has a wealth of other information very useful to mothers. "Best Baby" is an exquisite little book in which you may record baby's growth and progress. It is free, also. Use the coupon below.

THE BORDEN CO. LIMITED, HOMER ARCADE BLDG., VANCOUVER
